NEW YORK:
GEO. P. ROWELL & CO., PUBLISHERS,
No. 41 PARK ROW.

1875.

182,086
July 13, '75.

Entered according to act of Congress, in the year 1875, by
GEO. P. ROWELL & CO.,
In the office of the Librarian of Congress, at Washington

P R E F A C E .

The seventh (1875) edition of the AMERICAN NEWSPAPER DIRECTORY contains the description of seven hundred and seventy-four daily, one hundred tri-weekly, one hundred and twenty-one semi-weekly, six thousand two hundred and eighty-seven weekly, twenty-seven bi-weekly, one hundred and eight semi-monthly, eight hundred and fifty monthly, ten bi-monthly and seventy-one quarterly publications; a total of eight thousand three hundred and forty-eight, being an increase of five hundred and sixty-four over last year, one thousand and fifty-seven over 1873, one thousand four hundred and twenty-six over 1872, and one thousand nine hundred and ten over the edition for 1871.

An unusual number of Newspapers have been reduced in size, changed proprietorship, or suspended publication during the year just passed, indicating that it has not been one of prosperity, notwithstanding the fact that the actual increase in the number printed has exceeded any previous year since the establishment of the DIRECTORY.

Circulations have materially decreased. With the exception of two Sunday School papers, no periodical issued west of New York City sustains a claim to a regular issue of forty thousand copies.

The number of Newspapers commencing publication during the year just passed has averaged within a fraction of six each working-day, but owing to suspensions and consolidations the actual increase has been less than one-third of the number established. The increase is divided among the States as follows: Alabama, one; Connecticut, three; Delaware, four; District of Columbia, seven; Georgia, sixteen; Illinois, fifty-four; Indiana, eighty-four; Iowa, fifty-five; Kentucky, five; Louisiana, fourteen; Maine, four; Maryland, eleven; Massachusetts, fifteen; Michigan, eighteen; Minnesota, eleven; Mississippi, four; Missouri, forty-nine; Nebraska, three; Nevada, five; New Hampshire, eight; New Jersey, eleven; New York, thirty-one; North Carolina, four; Ohio, thirty-two; Oregon, two; Pennsylvania, thirty-eight; South Carolina, seven; Texas, fifteen; Vermont, two

Virginia, thirteen; West Virginia, seven; Wisconsin, sixteen; Dominion of Canada, thirty-three.

There has been a decrease in the number of periodicals issued, as follows: Arkansas, four; California, one; Kansas, eleven; Territories, two.

The State of Florida issues thirty-one; Rhode Island, twenty-seven and Tennessee one hundred and forty-one; exactly the same number as last year.

In the revision of this edition of the *DIRECTORY*, additional care has been taken to obtain full, explicit and reliable statements of circulation, and it is probable that the figures given are nearer correct than ever before. All circulations not stated as estimated were furnished by the publisher as the bona-fide regular edition at the time of making the report, and a willingness was expressed in writing in every case to furnish an affidavit to its truthfulness should one be desired.

Few persons are aware of the amount of labor and care exercised in the annual revisions of the *DIRECTORY*. Since commencing work upon the present edition, nearly seven months since, no less than four persons have been constantly engaged in the editorial office, and for much of the time as many as seven competent men, exclusive of printers, have been actively engaged in the work. Forty-five thousand postage stamps have been used in collecting the requisite information.

The number of publishers advertising in the present volume exceeds twenty-six hundred. This, with the marked increase in the number of complete reports furnished, may be considered a sufficient guarantee that the effort to furnish a reliable statistical work on American periodicals has the approval and good will of the class it is mainly designed to benefit. The number of advertisements would doubtless have been larger had any persistent effort been made to obtain orders.

EXTRACT FROM A PAPER READ BY HOWARD OWEN, EDITOR OF THE
KENNEBEC "JOURNAL," BEFORE THE ASSOCIATION OF MAINE
EDITORS AND PUBLISHERS, AT THE ANNUAL MEETING HELD IN
AUGUSTA, FEBRUARY 23D, 1874.

Advertising Agencies furnish the reserved funds for the ordinary newspaper. They sprung from a great necessity; publishers in the country could not afford to employ at each commercial center an agent to work exclusively for his paper; nor is any publisher so rich or independent as to refuse the patronage of foreign advertising. These agents occupy a field that yields one of the surest crops cultivated in journalism. They are laborers in an important field, and are in every way worthy of their hire.

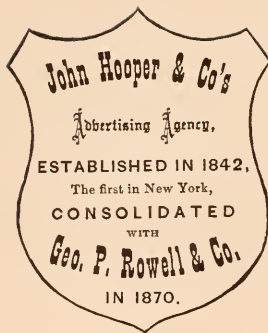

It is a strong argument in favor of the advertising agencies that so few have proved recreant and gone to ruin. I refer to those of steady growth and honorable purpose, whose names readily occur to you, and accounts with whom are as safe as though made at the counter of any bank in Christendom. They have passed through the recent financial panic, when disaster has come to almost every other branch of business.

Our arrangements for the careful and methodical transaction of business are complete. Advertisers could afford to pay an increased price to secure our services were it necessary, but such is not the case. Our commissions are paid by publishers, and the rates at which we contract are often lower than could be obtained from the offices of the newspapers direct.

GEO. — P. — ROWELL — & — CO. — PARK — ROW, — NEW — YORK.

All Newspapers are examined daily by competent persons, and every insertion of each advertisement checked upon books kept for the purpose. If omissions occur publishers are duly notified and required to make the full number of insertions good.

THE — BEST — ADVERTISING — AGENCY.

The best Advertising Agency is one that secures so much business from a good class of advertisers as to enable it to command from the greatest number of publishers the most favorable rates ever accorded.

THE — BEST — ADVERTISING — AGENCY.

The American Newspaper Advertising Agency of Geo. P. Rowell & Co., No. 41 Park Row, New York, is the principal one in the United States, and by far the most complete establishment of the kind in the world, for in no other country are these institutions conducted with anything like the system which obtains here. Messrs. Geo. P. Rowell & Co. established their agency in 1865, and in 1870 consolidated with and succeeded to the business of the advertising agency conducted till that time, since 1840, by Mr. John Hooper, who was the first advertising agent who did business in the City of New York.

THE — BEST — ADVERTISING — AGENCY.

Messrs. Geo. P. Rowell & Co. control by far the largest amount of advertising patronage ever secured by any institution of the kind. From their office is forwarded an amount of advertising patronage but little short of that emanating from all the other agencies in the United States combined. They receive and have on file all newspapers published in the United States and Canadas, without a single exception of importance. They receive the best terms and largest reductions allowed to any advertising agency.

THE — BEST — ADVERTISING — AGENCY.

They are the source from which all other advertising agencies, without any exception, derive their information about newspapers. Let an advertiser step into any agency and ask the name of the publisher of a paper at any distant point; let him ask how many papers are issued in such and such a city, how many are daily, how many weekly, what is the politics, character, or circulation. To any or all of these questions he will receive no reply until a reference has been made to Geo. P. Rowell & Co's Annual Newspaper Directory. No account is kept in any other agency of the new papers which are started, now averaging five every day; or of the old ones which die or change hands. For all information of this kind all the agencies depend upon Geo. P. Rowell & Co's Weekly Newspaper Reporter.

THE — BEST — ADVERTISING — AGENCY.

Besides the advantage of their position at the head of their business, they have special contracts which give them an unequalled advantage in more than two thousand of the newspapers of the country. To such an extent is this advantage known and recognized, that every agency, large and small, throughout the country sends its orders, to a greater or smaller extent, through the agency of Geo. P. Rowell & Co.

THE — BEST — ADVERTISING — AGENCY.

Another advantage possessed by them consists in the fact that they conduct the American Printers' Warehouse, from which they sell all articles needed in a printing office, and have standing on their books, at all times, from \$20,000 to \$80,000 in balances due from publishers, mainly representing profits on goods sold, and upon which they are frequently willing to make large discounts to advertisers who happen to require any of the papers in question.

THE—ADVERTISER'S—GAZETTE.

For the purpose of pushing our business with all the persistence which the dullness of the times makes necessary to those who would maintain their position in the race, we have arranged to issue and mail to all General Advertisers of the country, a neat sixteen-page pamphlet, or small newspaper, to which we give the name of

THE—ADVERTISER'S—GAZETTE.

With this object in view, we have compiled a list of advertisers and had it prepared for use with a mailing machine, and complete arrangements whereby all the persons whose names are contained thereon may, in accordance with the rulings of the Post-Office Department be classed as regular and bona fide subscribers to

THE—ADVERTISER'S—GAZETTE.

The actual edition required to carry out our plan, and which we are now printing and mailing weekly, is nine thousand six hundred copies, which gives one to every four thousand of the population of the United States—by careful estimate as large a number as can be expected to be, at any one time, interested in *general* advertising.

THE—ADVERTISER'S—GAZETTE

Is not sent to those persons who advertise only at home or in local papers, and who are consequently of no account to an Advertising Agency like our own or to newspaper publishers who seek a general business.

THE—ADVERTISER'S—GAZETTE.

Since completing the printing of our list, we have commenced an active revision, employing competent men who are at work both in and out of the City of New York, making a rigid canvass, calling on all the firms named, soliciting business for a small list of high-priced papers, whose rates are easily carried, and who have made us some special inducements to cover the heavy expense which our enterprise involves.

THE—ADVERTISER'S—GAZETTE

Being a small and elegant publication does not offer much spare space for advertisements, but as its value to a select, high-priced advertising medium is very considerable, and easy to be understood, we present its claims to REPRESENTATIVE newspapers, soliciting only small cards of from two to twenty lines, which we insert in the entire edition, reaching all the general advertisers in the United States thirteen different times in three months, for \$5 a line, of seven agate words, or the same may appear once for 50 cents a line, agate space.

THE—ADVERTISER'S—GAZETTE.

All persons who are GENERAL advertisers are entitled to be considered subscribers by virtue of that fact—the subscription price in such cases being paid by publishers and others who avail themselves of the advertising columns, and who are therefore interested that the subscription list shall contain all the names of persons likely to be interested in the announcements which are put forth.

THE—ADVERTISER'S—GAZETTE

Is published weekly. Subscription price TWO DOLLARS a year in advance.

EXPLANATIONS.

The statements in relation to circulation in this issue of the AMERICAN NEWSPAPER DIRECTORY are in many instances smaller than in previous issues. The method of arriving at the figures has been to take an average of those given in accordance with the programme set forth in the blank furnished to publishers, of which the following is a copy :

(COPY OF BLANK.)
 REPORT FOR AMERICAN NEWSPAPER DIRECTORY FOR 1875.
 CIRCULATION.

This blank is furnished every publisher who desires his circulation correctly reported in the Directory. It is to be filled by inserting the proper figures in the spaces left for answers to questions Nos. 1, 2 and 3. Questions Nos. 4 and 5 are to be answered Yes. The blank is to be regularly signed and dated. If returned without being properly filled, signed and dated, or if not returned at all, the circulation will be estimated from the best information to be obtained at the office of the Directory. If a publisher objects to having his circulation given that fact will be stated.

1. QUESTION. How many copies were printed for the first edition* of the current month?

Answer.—Daily edition, —copies.
 Tri or semi-weekly edition, —copies.
 Weekly edition, —copies.
 Semi-monthly edition, —copies.
 † Monthly edition, —copies.

2. QUESTION. How many copies were printed for the first edition issued last month?

Answer.—Daily edition, —copies.
 Tri or semi-weekly edition, —copies.
 Weekly edition, —copies.
 Semi-monthly edition, —copies.
 Monthly edition, —copies.

3. QUESTION. How many copies were printed for the first edition issued in the month next preceding last month?

Answer.—Daily edition, —copies.
 Tri or semi-weekly edition, —copies.
 Weekly edition, —copies.
 Semi-monthly edition, —copies.
 Monthly edition, —copies.

4. QUESTION. Were the editions given above the *bona fide* regular edition, same as would have been printed if this report were not to have been made?

Answer. —

5. QUESTION. Are you willing to verify the above statements by affidavit, if we so desire, and show such proof of the correctness of your statement as will enable us to satisfy inquirers, should the same be questioned?

Answer. —

It is hereby made known that the five questions printed above have been carefully read and truly answered by the undersigned.

PUBLISHER.....
 PAPER..... ISSUED.....
 PLACE..... STATE.....

DATE OF SIGNING.....

* By the word edition is meant the number of copies of any one issue or date, whether printed at one run of the press or at two or more distinct times.

† If publication is issued less frequently than once a month, the blank can be changed so as to give the three latest issues.

In some instances, from local jealousies or other causes, the statements of publishers have been questioned, and in such cases, the affidavits have been called for, and when *promptly* furnished the figures are marked with a dagger, (†) which indicates that the affidavit is on file in this office, and can be seen by interested persons.

The star (*) against estimated circulations, indicates that a larger issue was claimed, but no affidavit was furnished in response to the application therefor.

The Blank above referred to, was furnished two separate times to every publisher who has failed to *respond*.

The circulation has been omitted in cases where a description of the publications did not appear in the last edition of the DIRECTORY.

Where no advertisements are taken for a publication, the matter of circulation, being unimportant, has been omitted, and the fact stated thus: "Do not insert advertisements."

Where publications are bought and circulated by persons and firms that advertise therein by means of descriptive articles in the reading columns, or devoted to the (almost) exclusive interests of any particular person or firm, or to the ventilation of any certain idea, or established solely as advertising schemes, embracing a class with circulations almost entirely gratuitous, they are termed "advertising sheets," and no circulation given.

Where *italic* matter follows the description of a publication, it is by order of the publisher, and is paid for as an advertisement.

The publishers of the DIRECTORY assume no responsibility for any statements made in *italic* type, every publisher of a newspaper being allowed to print in that manner anything for which he is willing to pay the price demanded, viz.: *ten cents a word*.

The above marks are introduced into the Directory in accordance with a plan long under discussion among the principal Advertising Agencies. The established Agencies desire, as far as they consistently can, to discriminate in favor of publishers who conduct business with a reasonable regard to the interests of such institutions, and in accordance with the views expressed by their convention, held at the Astor House, in the city of New York, April 16 and 17, 1873.

There are four classes of publishers for whom Advertising Agents find it unsatisfactory to transact business, viz.: (1) Those who do not send papers. (2) Those who have no schedule of rates. (3) Those who decline all offers of business or rarely respond to applications or offers. (4) Those who cannot be depended upon to answer friendly applications for information.

Papers marked ○ will be found generally on the files of agencies entitled to receive them. Those marked ⊖ issue a table of rates. ⊕ ⊕ indicate papers likely to respond in business-like terms to communications on business, and those marked ● will generally be found willing to convey any information for which an advertiser is entitled to ask.

The absence of either mark need not of necessity prove the publisher wanting in the particular indicated. All the marks are indications of good, and a paper designated by the entire five will be found in nearly every case to be under first-class business management.

between the "Herald" Building and Nassau street, the "Era" has for years enjoyed the recognition of the leading merchants, bankers and business men of New York, and is the official newspaper designated by the Bank Department to publish the weekly statements of the State banks. As an enterprising journal, and the cheapest Sunday and Weekly paper (three cents per copy) in the city, it has a general circulation among a good class of citizens. As an advertising medium, with its low rates and carefully-written editorial notices (which are awarded to regular advertising patrons without charge) it is worthy the consideration of business men; for full particulars address the publishers; our object and endeavor is to give our patrons the worth of their money, and we always earnestly strive to do so.

P. Rowell & Co. are unable to give the exact circulation of the "Home Journal," we deem it but fair to quote an opinion published last year in their "Newspaper Reporter," viz.: "The Home Journal" is largely read in New York in families of wealth, culture and position, and by the same class in other cities, from one end of the land to the other. The character of its circulation stands very high, and advertisers who wish to reach what are understood as the 'best people' will find the 'Home Journal' especially adapted and of great value. Patrons say advertising in the 'Home Journal' pays."

Opinions of the Press: This paper, established in 1871, is a striking example of the appreciation of a good trade paper; a supplement, issued with this week's paper, contains letters from leading houses in New York, Philadelphia and elsewhere, endorsing it as the official organ of the trades it represents.

—[N. Y. Telegram.] Contains a variety of information on numerous topics relating to the commercial and business world, and also to questions of scientific interest.—[N. Y. Tribune.] It seems carefully got up, with all useful special information.—[N. Y. Sun.] Have long esteemed "Humphreys' Paint and Oil Trade" as one of the most reliable and accurate papers of the kind that come to our office.—[Chicago Journal of Commerce.] As the mouthpiece of the paint and oil trade, it is an authority throughout the country, whilst as an advertising medium it cannot be equalled.—[Philadelphia Commercial List and Price-Current.] What the Trade say: We have been advertisers in your paper since its first issue, and can trace directly to it very valuable trade.—Falmestock, Haslett & Schwartz, Pittsburgh. We look upon it as the official organ of our trade, reliable and valuable in the general information it contains.—Harrison Brothers & Co., Philadelphia. We consider it one of the best papers published in the interests of the branches of the trade its name indicates.—John Lucas & Co., Philadelphia. We are satisfied that your paper reaches the Paint and Oil Trade generally.—Hobbs, Pope & Co., Boston. The best representative newspaper of our trade.—Chas. Moser & Co., Cincinnati. We recommend your paper to the Paint, Oil and Drug Trade as being fully entitled to their support.—D. F. Tiemann & Co. Consider its reports, prices-current, statistics and general accuracy of value to the trade, and look upon it as the representative newspaper of our trade.—C. T. Reynolds & Co. In all these respects it has shown good judgment and industry, and entitled to a liberal support from the interests advocated by the paper.—F. W. Devoe & Co. A journal fulfilling the requirements of a "trade paper" to an eminent degree, and a valuable advertising medium.—J. Lee Smith & Co. A fair and unbiased representative of the Paint and Oil Trade.—Baxter, Bell & Co., New York.

Advertising Rates—Inside page, 25 cents per line, outside page 35 cents per line, reading notices 50 cts. per line; tigate measure, fourteen lines to the inch; no advertisement inserted for less than the price of four lines; no objectionable advertisements taken; all transient advertising must be paid for in advance. To advertisers—This paper commenced publication on the 2nd of January, 1875; but as early as the month of October previous, the first number was brought out, put into the hands of soliciting agents which they used to show what the paper would be (just like the prospectus of a book), and with the aid of unusually fine premiums the publisher had in his office on Saturday, 2nd of January, 1875, paid yearly subscriptions, 8,000. Following shows subsequent circulation and increase: Saturday, 6th of February, 1875, paid yearly subscriptions, 15,000; Saturday, 6th of March, 1875, paid yearly subscriptions, 23,000; Saturday, 3rd of April, 1875, paid yearly subscriptions, 29,500; Saturday, 24th of April, 1875, paid yearly subscriptions, 34,000. This is the latest date the time of the publication of this Directory admits: circulation constantly increasing in the same astonishing ratio; there are few things more certain, than that the "Illustrated Weekly" will circulate fifty thousand copies within a few weeks from this date (May 24th, 1875), and a round hundred thousand within a few months; it is a literary family pictorial—pure, instructive and amusing, moral and high toned, without being a religious journal; discussing the topics of the day without political bias; James Parton editorially connected; it circulates among the best people, over the whole country; each month is prepared for advertisers a circular stating exact circulation (sworn to by publisher, printer and mailer), giving also the confirming weight of the mail, as certified by the post-office, with other matters; also, in each issue of the paper is stated the exact number printed of the current issue. One word more—the influence of the advertising columns of the "Illustrated Weekly" is strong and good, as it is a careful, conscientious paper; is it not a righteous thing to patronize such papers as show you just what you get for your money.

"O NOVO MUNDO continues to deserve the highest commendation. Its influence cannot fail to be in the highest degree salutary in promoting a kindly intercourse with Brazil, by making its people acquainted with the resources and progress of the United States."—*The Evening Post, N. Y.*

"The illustrated Portuguese paper, O NOVO MUNDO, which is published monthly for dissemination in South America, is doing exceedingly good work. Its selections of illustrations are admirable, and it has the mission in its reading matter of increasing the knowledge of this Con-

"We must pronounce O NOVO MUNDO a very respectable enterprise, abreast of the times, and ably edited. That it will be a valuable medium for spreading still further knowledge in Brazil of the products of American invention and skill, already so popular there, we have no doubt."—*The Notion, N. Y.*

"Without being asked, we venture to recommend, as we have done already more than once, O NOVO MUNDO, the illustrated Portuguese (Brazilian) newspaper, whose office is in the Times building. El Mundo Nuevo-America Ilustrada.

AN ILLUSTRATED JOURNAL IN THE SPANISH LANGUAGE.

PUBLISHED SEMI-MONTHLY, ON THE EVE OF THE SAILING OF THE REGULAR SOUTH AMERICAN PACKETS.

"LA AMERICA ILUSTRADA is the name of a new illustrated paper, published by J. C. Rodrigues, New York. It is published in the Spanish language, tri-monthly, on the eve of the sailing of the South American packets, for circulation in the Spanish-speaking countries to the south of us. The second number has just been issued, containing fine engravings and excellent reading that cannot fail to make it a popular success. It compares favorably with any of our American productions."—*The Boston Post*.

"LA AMERICA ILUSTRADA is the title of an illustrated Spanish Journal published in New York. The first number is before us, and we must confess that for richness and variety of engravings, typographical neatness and general appearance, it surpasses any of the illustrated East or weeklies published in English. The tropical and Oriental artistic sketches have great warmth and life-like power. As a literary journal, LA AMERICA ILUSTRADA takes high rank. Among its special contributors are such eminent Spanish-American writers as Senora Juana Manso, member of the Committee of Public Instruction of Buenos Ayres—a noble woman, whose labors have been incessant in the cause of popular education; Hon. Antonio Flores, Minister of Ecuador in Washington; Professor Mantilla, of New York University; Don Jose Antonio Calcano, a member of the Spanish Academy, and the most distinguished of South American poets. Other writers of no less distinction contribute to its columns. This new journal covers the fields of literature, philosophy, politics, education, arts, science and commerce, and has for its special object the diffusion among Latin Americans of 'those politi-

cal and social principles which have raised the United States to its actual splendor.' Not only Spanish-Americans, but every person speaking the rich, beautiful and vigorous Spanish language, will find LA AMERICA ILUSTRADA a fountain of intellectual wealth and artistic beauty. Published by J. C. Rodrigues, New York."—*San Francisco News Letter*.

"Perhaps the most elegantly-printed newspapers in America are O NOVO MUNDO, a Portuguese illustrated monthly, published by J. C. Rodrigues, New York, for the Brazilian public, as well as for readers of Portuguese here; and a Spanish tri-monthly, LA AMERICA ILUSTRADA, of the same size and general character, and published by the same firm, for the Spanish-speaking Americans. Both use the plates of engravings designed for European and American illustrated papers; for instance, THE NEW WORLD of February 23, has the fine portrait of Charles Sumner, that appeared originally in *Every Saturday*, as well as a larger portrait of the Brazilian Viscount of Itaboraí; and ILLUSTRATED AMERICA, of February 29, has an English head of Gladstone, and an American one of Bryant. The editorial contents of both papers are more than respectable, and in the Spanish one much space is given to poetry and literature. We notice there a paper on the famous romance of chivalry, 'Tirante, the White,' ironically complimented by Cervantes. The Spanish journal contains also a letter from Donna Juana Manso, at Buenos Ayres, and verses by two Cuban poets and a Venezuelan. The Portuguese journal (Brazilian rather), gives much space to the quarrel between England and the United States."—*Springfield Republican*.

The American Commercial Times.

A WEEKLY JOURNAL, PUBLISHED EVERY SATURDAY.

DEVOTED TO THE GENERAL COMMERCIAL INTERESTS OF THE UNITED STATES,
 ESPECIALLY THE HARDWARE AND METAL TRADES, IMPROVE-
 MENTS IN MECHANISM, NEW INVENTIONS, ETC.

It holds a leading position among mercantile publications. Its circulation is rapidly increasing, and in point of value to the commercial and manufacturing community it stands in the first rank of weekly journals of its class. The advertisements are exclusively from prominent concerns, strictly first-class in every respect. In each edition appear a few sketches of some of the great industries of the United States, written in a careful, truthful, and instructive manner.

To those interested in the rise and progress of the great firms, corporations, and general industries of the United States, it is a most desirable journal. For business men and their sons it is valuable and instructive. It should be in every counting-room in the country. It contains none but first-class, high-toned editorials, financial articles, and hardware and metal trade reviews, and its advertisements are all of a strictly commercial character.

From the above outline of its character it is evident that this Journal presents unsurpassed advantages as an advertising medium, especially for the iron, steel and general metal interests, and for manufacturers of and dealers in hardware and machinery.

TO ADVERTISERS:—The most important question which concerns an advertiser is: "How can he most effectually and economically secure the attention of the public to what he may have to dispose of?" In view of this consideration, your attention is directed to the valuable medium offered in

Demorest's Monthly Magazine,

especially for such goods and articles as claim the attention of ladies. The circulation of this monthly magazine is larger than any other of the kind in the world.

Great as are the present attractions of DEMOREST'S MONTHLY MAGAZINE, new and valuable features are constantly being added, the publisher being determined to spare no reasonable time or expense to keep this magazine ahead of all competition, and to present such an array of valuable features and artistic attractions as to entitle it to the lavish and generous encomiums that have been so universally bestowed on it. It is claimed for this publication that it is the only original fashion magazine published in America.

Rates for advertising:—Ordinary pages, 75 cents per line solid agate space. Four lines or less, \$3. Page next to reading matter, \$1 per line. Business Notices, solid agate space, \$1 25 per line. On ordinary pages no extra charge for cuts or display. For illustrated or editorial articles, special rates will be furnished.

Harper's Periodicals.

All of these are illustrated in the best style, and are beautiful specimens of artistic and mechanical work. We doubt if any other publishing house in the world does so much for the education of the people. These periodicals are always on the side of good morals, good citizenship, and good government.—*The Methodist*.

Harper's Magazine.

A Complete Set of HARPER'S MAGAZINE, now comprising 49 Volumes, in neat Cloth binding, will be sent by express, freight at expense of purchaser, for \$2 25 per volume. *Single volumes*, by mail, *postpaid*, \$3. Cloth cases, for binding, 53 cents, by mail, *postpaid*.

Publishers and Editors both appear to understand the needs of the popular mind, even those needs of which many people are unconscious themselves. They aim to awaken a taste for knowledge as well as to gratify it, and their system in doing this is to make knowledge entertaining. The *Magazine* penetrates into the log-houses of Western farmers as well as into city drawing-rooms. Its comprehensiveness makes it acceptable to everybody who is pleased by pictures, and who has any love of reading. The serial novels by eminent English and American novelists, the short, bright, and telling stories of American domestic life, the profusely illustrated articles of travel and adventure, the careful-

ly prepared essays on political, historical and scientific subjects, the wealth of rich and racy reflection in "The Editor's Easy Chair" and of an anecdote in "The Editor's Drawer," are among its constant attractions to the general reader.—*Boston Globe*.

The character which this *Magazine* possesses for variety, enterprise, artistic wealth, and literary culture that has kept pace with it, if it has not led the times, should cause its conductors to regard it with justifiable complacency. It also entitles them to a great claim upon the public gratitude. The *Magazine* has done good and not evil all the days of its life.—*Brooklyn Eagle*.

Harper's Weekly.

The Annual Volumes of HARPER'S WEEKLY, in neat Cloth binding, will be sent by express, free of expense, for \$7 each. A complete Set, comprising *Eighteen Volumes*, sent on receipt of cash at the rate of \$5 25 per vol., *freight at expense of purchaser*. Cloth cases, for binding, 89 cents, by mail, postage prepaid.

The *Weekly* is the ablest and most powerful illustrated periodical published in this country. Its editorials are scholarly and convincing, and carry much weight. Its illustrations of current events are full and fresh, and are prepared by our best designers. With a circulation of 150,000, the *Weekly* is read by at least half a million persons, and its influence as an organ of opinion is

simply tremendous. The ablest description can not equal the impression given by a striking picture, and while the written or spoken words are soon forgotten, the impression made by the artist is indelible. The *Weekly* maintains a positive position, and expresses decided views on political and social problems.—*Louisville Courier-Journal*.

Harper's Bazar.

The Seven Volumes of HARPER'S BAZAR, for the years 1868, '69, '70, '71, '72, '73, '74, elegantly bound in Green Morocco Cloth, will be sent on receipt of cash at the rate of \$5 25 per vol., *freight at expense of purchaser*. Cloth cases, for binding, 89 cents, by mail, postage prepaid.

The *Bazar* is the organ of the fashionable world, and the expounder of that world's laws; and it is the authority in all matters of manners, etiquette, costume, and social habits. It fills a place that no other publication ever has even sought to fill, and does so because of the amplitude of its range and of its breadth and extent of view.—*Boston Traveller*.

pretty pictures, to the young ladies by its fashion-plates in endless variety, to the provident matron by its patterns for the children's clothes, to *paterfamilias*, by its tasteful designs for embroidered slippers and luxurious dressing-gowns. But the reading-matter of the *Bazar* is uniformly of great excellence. The paper has acquired a wide popularity for the fireside enjoyment it affords, and has become an established authority with the ladies of America.—*Evening Post*, N. Y.

The *Bazar* commends itself to every member of the household—to the children by droll and

It takes rank with the first religious Journals of the country in character, influence and circulation; it represents the progressive and intelligent element of the largest Christian Denomination in the United States—a Church numbering nearly **10,000** regular ministers and nearly **TWO MILLIONS OF MEMBERS**. THE METHODIST is now in its 15th year of publication. It is one of the best and handsomest of the religious weeklies. Published in quarto form—20 pages weekly. Leaves all cut and backs gummed, admirably adapting it for filing and binding, and also most desirable in this form for advertisers; circulation extends into every State in the Union, and also the Territories and Canadas. It reaches the leading men of the denomination in all the great centers, and in the towns and villages of the country, and finds its way to the reading rooms of their public libraries and Young Men's Christian Associations, where it is read weekly by many thousands. THE METHODIST is the *only* Journal in the Methodist Episcopal Church which has a *truly national circulation*, in this respect differing materially from the official papers of the denomination which each circulates mainly in its section. THE METHODIST being an independent paper, circulates freely everywhere. We invite your attention to our **Liberal Advertising Rates**. Advertisers throughout the country will find in the columns of THE METHODIST a *first-class advertising medium*, as hundreds can testify who have tried the experiment; rates are moderate, as will be seen by reference to the following schedule of

Appletons' Journal for 1875.

APPLETONS' JOURNAL is a weekly devoted to popular literature, science, art, education, and social developments. New and interesting features will be added to APPLETONS' JOURNAL during the ensuing year, and strenuous efforts will be made to give the American public a periodical of a high, and at the same time, popular class—combining instructive material with picturesque statement, superior fictions, with critical and descriptive essays. "Southern By-ways," (illustrated) by Christian Reid, will be a feature of the ensuing volume. Illustrated Papers on the Industrial Arts will afford an interesting and valuable department. Travel, Adventure, Exploration, Natural History, Social Themes, the Arts, Fictions, Literary Reviews, Current Topics, will each have large place in the plan of the JOURNAL. The circulation of the JOURNAL is not only large, but choice, among the best families of our country. Its entire freedom from anything in the slightest degree objectionable, both in its reading and advertising pages, commends it to the judgment of all as one of the Best Family Journals in the land.

The Art Journal.

An International Gallery of Engravings, by distinguished Artists of Europe and America, with Illustrated papers on Picturesque Places and Objects, in the various branches of Art. The undersigned will begin, in January, 1875, the publication of a monthly journal, specially devoted to the world of Art—Painting, Sculpture, Architecture, Decoration, Engraving, Etching, Enameling, and Designing in all its branches—having in view the double purpose of supplying a complete illustrated record of progress in the Arts, and of affording a means for the cultivation of Art-taste among the people. Each number will be richly and abundantly illustrated on both steel and wood, and no pains will be spared to render this ART JOURNAL the most varied, elegant and valuable publication of the kind in the world. It will contain the Steel Plates and Illustrations of the *London Art Journal*; a publication of world-wide fame (the exclusive right of which, for Canada and the United States, has been purchased by the publishers); with additions devoted to American Art and American topics. Among the features preparing for it are the following:

- I. *Papers on Sir Edwin Landseer's Sketches*, a highly-valuable and most interesting collection of Sketches derived from the folios of the great painter.
- II. *Scenes on the Hudson River*. Scattered views of the Splendid Scenery of the Hudson are not un-frequent, but this series of papers is designed to give a complete succession of views on this noblest of rivers. They are engraved from original drawings made for this work during the past summer.
- III. *The French Painters and their Works*. Beautifully-engraved copies of some of the more notable of recent French Painters, with descriptive letter-press. Prepared expressly for this edition.
- IV. *American and British Artists and their Works*. Under this head will be included engravings of Paintings by Artists of note.

The Popular Science Monthly.

CONDUCTED BY E. L. YOUMANS.

Established in May, 1872, has reached a circulation of 17,000 copies, and is steadily increasing. The character of the circulation must of necessity be the very best—worth more to advertisers than a circulation of four times the number in a magazine of miscellaneous character.

APPLETONS' RAILWAY GUIDE,

Is, without doubt, *one of, if not the best,* general advertising-mediums in the country. It was established in 1855, by authority of the Railway Companies of the United States and Canada, and is still their *only* official organ. Its circulation has surpassed the most sanguine expectations of its publishers and friends, increasing from year to year until the present time, when its four, five and six editions a month keep the press constantly in motion; and how can it be otherwise? We are a *travelling people*—seeking pleasure and recreation, business and profit. The great majority must of necessity consult **Appletons' Railway Guide**, as, from the intricate net of Railways, it is scarcely possible to get along without it. It is in their hands, too, at a time when they have leisure to read, consult, and carefully examine and *digest* its contents. And in *no way* can this information be so readily placed before the people as in **Appletons' Railway Guide**. In no place has the advertiser as good an opportunity of impressing on the mind the value of his wares as when thus unoccupied by the busy turmoil of life.

Opinions of the Trade.

I fully appreciate the value of your excellent WEEKLY, as well as your own personal services and sacrifices in the interest of the trade. We have all much to thank you for. You richly merit the united and constant support of the trade in every section of the country.—ROBERT CLARKE.

We desire to express heartily our appreciation of the work you are doing in securing an exact record of American publications, and trust that you will receive from the various publishers the information you make it so easy for them to give.—HURD & HOUGHTON, Publishers, Riverside, Cambridge, Mass.

You have laid the jobbers and the retailers of the country under great obligations by your successful efforts to provide a trade periodical so fully meeting their wants, and we hope they will show a substantial appreciation.—GEO. E. STEVENS & Co., publishers, booksellers, and stationers, Cincinnati, O.

We wish to compliment you on the completeness of your paper. It is becoming more and more valuable, and we are pleased to find that the booksellers of the smaller cities are being heard from.—LORING, SHORT & HARMON, publishers, booksellers, and stationers, Portland, Me.

It is mainly because the WEEKLY is so good, so much better than anything we have had before, that we have waited three copies, and have been vexed when we received only one or two.—SUMNER, WHITNEY & Co., publishers and importers of law books, San Francisco, Cal.

Your paper is now a real benefit to the public and the book-trade.—S. C. GRIGGS & Co., publishers, Chicago.

We wish to express our obligations to you for the efforts you make to promote the interests of the book-trade.—JOHN H. THOMAS & Co., booksellers and stationers, Dayton, O.

We wish to thank you for the enterprise, and to express our hope that it will be successful. We, who are so far from the market, need such a paper. Now, if the publisher or manufacturer will tell us what they have, the trade can keep their goods.—MOSELEY & Bro., booksellers, stationers and music dealers, Madison, Wis.

I am well pleased with the WEEKLY, and more than ever convinced that if the whole trade would unite in your support, we would find any other medium of information superfluous. * * * I think it may interest you to learn that many retail dealers make up their orders for new books almost entirely from the WEEKLY.—WM. G. BOYD, bookseller and stationer, Selma, Ala.

I depend entirely upon the PUBLISHERS' WEEKLY for my information, and I don't know how any bookseller who makes any pretensions to keeping up with the times can do business without having its pages to refer to.—J. M. DAVIS, bookseller and stationer, Farmington, Me.

Your WEEKLY is the best thing of the kind that I have ever seen, and I could not get along without it. I would not be without it for five times the subscription price.—J. D. STANTON, bookseller, stationer and dealer in wall-paper, window blinds, etc., Wheeling, W. Va.

We find your WEEKLY our best source of information regarding new books, and have it in constant use.—BROWN & FAUNCE, booksellers, stationers and newsdealers, Toledo, O.

We follow up the WEEKLY with increasing interest and cannot see how any bookseller can get along without it; *live ones can't*.—B. EARL & SON, publishers, booksellers, stationers and blank-book manufacturers, Fall River, Mass.

We are highly delighted with the WEEKLY, and would not be without it for double the price.—J. L. SIBOLE with J. B. Lippincott & Co.

I consider the PUBLISHERS' WEEKLY the best of any that are published.—E. B. MYERS, Law publisher, Chicago.

It would be impossible to tell you how much I prize the WEEKLY. I can't see how I ever did business without it.—A. J. WARD, book agent, Newport, R. I.

We cannot dispense with the welcome visits of your truly valuable WEEKLY.—LARBER & WHITCOMB, booksellers and stationers, Norwich, N. Y.

The WEEKLY has become a necessity with me.—GEORGE W. GREEN, JR., jobber and dealer in books, stationery and fancy goods, Newburg, N. Y.

We could not keep a book-house without the PUBLISHERS' WEEKLY.—ROBERTS & HILLHOUSE, booksellers and stationers, Kalamazoo, Mich.

We could not do without your WEEKLY.—J. W. BURKE & Co., publishers, booksellers, stationers, etc., Macon, Ga.

We derive more benefit from the WEEKLY than from all the publishers' circulars received.—CRUMRINE & NICIOL, booksellers and stationers, Steubenville, O.

I do not want to miss a single number of the WEEKLY. It is more important to me than my "Daily Times".—W. W. WATKINS, bookseller and stationer, Cazenovia, N. Y.

I cannot afford to lose a single number of the WEEKLY.—H. E. PRATT, bookseller and stationer, Binghamton, N. Y.

We can't get along without the WEEKLY.—WEST, JOHNSTON & Co., booksellers and stationers, Richmond, Va.

We find that we look for the WEEKLY as a friend indeed every week, and must have it.—ROBT A. HEIM & Co., Atchison, Kan.

Things are out of joint when the WEEKLY don't come regular.—F. A. TAYLOR, bookseller and stationer, St. Paul, Minn.

The PUBLISHERS' WEEKLY is the most useful of any of the Literary Bulletins that I have ever had, and I think I have tried them all.—CHAS. E. HAMMETT, Jr., bookseller, stationer, etc.

THE SCIENTIFIC AMERICAN

CIRCULATION OVER 42,000.

The value of the SCIENTIFIC AMERICAN as an advertising medium cannot be over estimated. It goes into all the machine and work shops in the country, and is taken at the principal libraries and reading rooms in the United States and Europe. A business man wants something more than to see his advertisement in a printed newspaper. He wants circulation. If it is worth 25 cents per line to advertise in a paper of three thousand circulation, it is worth \$3.75 per line to advertise in one of forty-five thousand. See following rates:

Back page, each insertion.....\$1 00 a line. | Business and Personal, each insertion, \$1 a line.
Inside page, each insertion..... 75 a line.

Advertisements must be received at publication office as early as Friday morning to appear in next issue. The Sanitarian.

A MONTHLY JOURNAL.

A. N. BELL, M. D., Editor.

The purpose of this publication is to so present the results of the various inquiries which have been, and which may hereafter be made for the preservation of health and the expectations of human life, as to make them most advantageous to the public and to the medical profession.

The resources of sanitary science are inexhaustible. It is the chief object of the SANITARIAN to awaken public attention to the extent of the field, and to the facts indicating how beneficially it may be cultivated. This is done by showing the amount of ill health and mortality from preventible causes of disease; by pointing out the nature of those causes, and the way in which they operate, by showing that such causes are removable; and by exhibiting improved health, longevity and happiness as the fruits of their removal.

The laws of physiology and general pathology are kept in view, as the basis of health; and by which hygiene constitutes a department of science which the medical profession can advantageously share with the public, or apply to individuals according to circumstances.

The practical questions of State Medicine: the health of armies and navies, marine hygiene, quarantine, civic cleanliness, water supply, drainage and sewerage. Sanitary architecture: light, space, warming and ventilation. Climate and domicile: epidemic, endemic and hereditary diseases. Occupation, exercise and habits, food and beverage, in all varieties of quality and quantity. In short, whatever thing, condition or circumstance is *en rapport* with or antagonistic to the most perfect culture of mind and body are considered legitimate matter for the SANITARIAN to discuss, advocate, condemn or reject at the *bar of health*. Advertisements fall under the same category, none are admitted of even questionable character in this regard.

Opinions of the Press.

"The Sanitary question is now uppermost in the public mind, and it is gratifying to see that the discussion of it is not going to be kept as a "mystery" in the medical profession. Every human being is concerned in this matter; and, if sanitary science has any suggestions to make they must be made directly to the people themselves. This is what the periodical before us aims to do, and this it is doing well."—*Popular Science Monthly*.

"As its name implies, the SANITARIAN is devoted entirely to Sanitary Science, in its liberal and proper sense. The field it occupies is an important one, and the editor admirably qualified for the work he has undertaken."—*Medical Examiner*.

"A review of the SANITARIAN induces us to repeat, that the appearance of a journal of this character cannot be regarded with too much favor. Consistent with his announcement, DR. BELL seems to have spared no pains to secure for the journal the continued approbation of the public, by treating in a clear and yet comprehensive manner of subjects with which the public are directly interested, and the importance of which cannot be overestimated."—*Appleton's Journal*.

"The SANITARIAN ought to be in every family, on account of the practical common sense manner in which it treats questions of public and private health."—*The National*.

First.—WOOD'S HOUSEHOLD MAGAZINE, which has been merged into THE ILLUSTRATED HOUSEHOLD MAGAZINE, has long enjoyed the distinction of being the **most widely circulated monthly in America**, being mailed to **over 20,000 post offices**.

Second.—Its **wonderful cheapness**, and, withal, its **undisputed excellence**—no pains or expense being spared to make it a welcome visitor to every household—has given it a circulation the higher priced magazines **cannot nor do not expect** to reach, much less excel.

Third.—That not more than two persons, on an average, read a newspaper, is a well established and admitted fact. Six to eight would be a low average for a magazine. Very seldom is a newspaper preserved after it is read—very seldom is a magazine destroyed. It is safe to say that THE ILLUSTRATED HOUSEHOLD MAGAZINE is read by more than

HALF A MILLION

persons every month. Certainly such a periodical must be a desirable medium for advertisers to patronize if they would realize large returns for money invested.

Remember, we Send our Magazine to Over

TWENTY THOUSAND POST-OFFICES.

Passing Directly into the Hands of Manufacturers, Merchants, Bankers, Agriculturists, Mechanics, Professional Men and Others.

FOR OUR CIRCULATION, WE OFFER THE CHEAPEST AND BEST MEDIUM FOR PROFITABLE ADVERTISING IN THE COUNTRY.

The many flattering testimonials which we receive from those who patronize this Periodical is a sufficient guarantee of its superior value.

It is not the organ of any one manufactory, but will aim to protect the interests of all though maintaining freedom of expression in what our judgment directs. A leading feature will be a complete and carefully-compiled history of the Sewing Machine, from its origin to the present day. It will contain topics on all questions of interest; also, giving full and reliable information on the law of machine leases, etc. It is the only journal of its kind issued in the United States, and there is no regular medium circulating as extensively among the different sewing machine agents and dealers in attachments as this sheet.

A limited number of reputable advertisements will be received. As this is the only paper circulating regularly among all Sewing Machine Agents, it is the most effectual and direct medium through which business men can make known their wants, etc. Advertising rates given on application.

The Catholic Review.

A WEEKLY NEWSPAPER.

SUITABLE FOR SUNDAY READING IN CATHOLIC FAMILIES.

COMMENDED TO THE PATRONAGE OF THE FAITHFUL BY THE BISHOP OF BROOKLYN, THE ARCHBISHOP OF NEW YORK, A LARGE NUMBER OF OTHER AMERICAN PRELATES, AND HIS EMINENCE CARDINAL CULLEN, ARCHBISHOP OF DUBLIN.

The reasons why the CATHOLIC REVIEW has obtained the largest and most profitable advertising patronage given to any Catholic paper are: 1.—The extent of its circulation in the diocese of New York, Brooklyn and Newark, which include over *one million Catholics*. In these sections its circulation exceeds that of any Catholic paper, and it goes to over 5,000 post offices in the East and West. 2.—The character of its circulation, the convenience of its form, the beauty of its type and paper, the carefulness of its press-work, are qualities which gratify the correct taste of the educated classes and justify the expectations of superior qualities in the editorial matter. 3.—By its enterprise in the collection of news, and by its calm, dignified and unyielding tone in the statement of facts and discussion of opinions it has won an unapproachable reputation. Its circulation is therefore correspondingly valuable in character. The CATHOLIC REVIEW is the cheapest, handsomest and best Catholic paper published.

Its Value as an Advertising Medium may be inferred from the character of the men who constantly advertise with us, such as A. T. Stewart & Co., Arnold & Constable, Devlin & Co., Ridley & Son, Chickering & Sons, Meriden Britannia Company, Reed & Barton, Macy & Co., Johnson Bros., Royal Canadian, Home, Continental, Niagara, Phoenix, Equitable, Mutual, New York, United States, Universal, Washington and other well known Fire and Life Insurance Companies, together with the chief book and art publishers, and many others of the leading houses of New York. All who desire to reach by advertisements the families, the colleges, the churches, the bishops and priests, the various religious and educational institutions of the Catholic community will find the CATHOLIC REVIEW an unsurpassed medium.

A HINT TO ADVERTISERS.

Advertisers should remember that the Catholics number *at least one-fifth* and probably *one-fourth* of the population of the United States. That they are a wealthy and powerful body whose trade is worth looking for will be evident to any one who considers the immense undertakings they have successfully carried through in this country. No other denomination has such churches, colleges, schools, convents or houses of mercy. If any advertiser wants to know what Catholic paper is most highly esteemed by the secular papers let him remember that the *World* says: "The CATHOLIC REVIEW is the best and best informed of the Catholic papers," and also, "It has already become known throughout the Christian world, and has received the endorsement of the highest church authorities, among them His Eminence the Cardinal Archbishop of Dublin. From its first issue the CATHOLIC REVIEW has constantly grown in interest, until now any man, let his religious faith be what it may, will find himself edified and instructed by a perusal of its columns. Its religious arguments are presented in a liberal spirit; its historical and miscellaneous departments are always attractive, while its general make-up is equal, in point of beauty and mechanical finish, to that of the best of its contemporaries." The *Tribune* says: "It affords evidence of being edited with care and ability, and is not excelled in the comprehensiveness of its news by the older organs of Catholic opinion in Europe." The Catholic papers also give even stronger testimony in its favor. Archbishop Perche's paper, the *Catholic Propagator*, of New Orleans, says: "We regard the CATHOLIC REVIEW as the most skillfully conducted, ably written, and generally interesting of all the Catholic papers published in this country." The Montreal *True Witness* says: "No abler paper is published on this continent. It is a credit to its conductors and a blessing to the community among whom it circulates. As Catholics we are proud of it." Address,

AN ILLUSTRATED SPANISH-AMERICAN MAGAZINE.

Subscription in the United States.....\$5 00 per Annum.

Subscription in Spanish-America.....\$6 00, Gold, per Annum.

This magazine, by its highly artistic illustrations and select literature, has secured a very extensive circulation in all countries where the Spanish language is spoken.

It furnishes to families, literary men and general readers the benefits and pleasure of a literary, instructive, pictorial magazine: while *by avoiding any interference whatever with politics or religion*, its influence and field of circulation are not impaired by restrictions or prohibitions from the Spanish Government of Cuba or from any of the Spanish-American Republics.

As an advertising medium it offers, for this reason, especial advantages to manufacturers and merchants who desire to introduce their products in those markets. Besides a large number of resident agents, the Publisher has three persons constantly traveling in Spanish-America, in the interest of his magazine, and through their instrumentality will send and distribute circulars, catalogues or any other matter which his advertisers may desire.

This magazine now circulates in Mexico, Central America, Cuba, Porto Rico and other West Indies, United States of Colombia, Venezuela, Ecuador, Peru, Bolivia, Chili and Buenos Ayres; thus reaching a total of over thirty-five millions of inhabitants, all of whom are consumers of the products of the United States.

“Not only the ablest and best, but . . . the most popular of American religious periodicals.”—*The Nation*, N. Y.

LARGEST CIRCULATION IN THE WORLD!

The Christian Union.

NEW YORK.

HENRY WARD BEECHER, EDITOR.....J. B. FORD & CO., PUBLISHERS.

THE LARGEST CIRCULATION.

The first requirement in an advertising medium is an extensive clientele of regular readers. The religious papers are favorites with advertisers, because they are always carefully read. THE CHRISTIAN UNION'S circulation is larger by many thousands than that of any other religious journal in America, or in the world.

WIDE-AWAKE READERS.

The name of the Editor, and his well-known ability, brilliancy and forward attitude on all public questions are significant of the thrifty, intelligent, and well-to-do class who take his paper, in every part of the United States and Canadas.

ECONOMICAL PRICES.

Not only are the advertising rates unusually low, judged by the ordinary standard (*one cent a line* per thousand of circulation), but the results effected are exceedingly large. One extensive advertiser says: “Of the parties who tell me how they came to see my advertisement, *nine out of every eleven name THE CHRISTIAN UNION*. I advertise in over fourteen first-class weekly papers, . . . besides many daily papers. I find that I receive at least three times the benefit from THE CHRISTIAN UNION that all the rest of my list combined gives me.”

Now, a list of fourteen first-class weeklies will show, combined, an average price of \$6.30 per line. THE CHRISTIAN UNION'S ordinary rate for single insertion is but \$1.25 per line—a saving of \$5.05 per line, if the results were only the same; and they are shown to be greater!

THE BEST SHOW FOR ADVERTISEMENTS.

The pages being small, compact, neat, every advertisement can be easily seen, and is not buried in a mass of matter; the paper goes freely through the family, containing no objectionable advertisements; and its attractive size and shape lead often to its preservation and binding;—advertisers say that they hear from their cards “for months after insertion.” One of the largest of the large advertising agencies writes: “It is a noticeable fact that our *customers who advertise in the ‘Union’ once always want it on their list.*” And testimony of like character is constantly accumulating.

A PROVED MEDIUM.

The shrewdest, best known, and most successful business concerns in the country are regular advertisers in THE CHRISTIAN UNION—such as Messrs. Harper & Bros., J. R. Osgood & Co., J. B. Lippincott & Co., and all the prominent Publishers; Messrs. Brown Bros. & Co., Fisk & Hatch, Geo. Opdyke & Co., and all the well-known Financial Houses; Messrs. A. T. Stewart & Co., Lord & Taylor, and all the leading Dry Goods Firms; B. K. Bliss & Sons, Peter Henderson, and all the prominent Seedsmen and Agricultural Dealers; and, indeed, nearly all the largest advertising merchants in every line of business. Numerous letters from them testify to their entire satisfaction.

The Golden Age.

Capital Stock, \$100,000.

NEW YORK.

ENLARGEMENT OF CIRCULATION! IMPROVEMENT IN FORM! INCREASE OF ATTRACTIONS!

On the first of January, the financial and business management of the GOLDEN AGE passed into the hands of the GOLDEN AGE PUBLISHING COMPANY, which is composed of enterprising and energetic gentlemen of experience, who will spare no pains to extend its circulation, and give it a leading place among the weekly journals of the country. The GOLDEN AGE will be the organ of no man, party, or sect, but a broad, progressive, undenominational paper, representing the most advanced thought of the age, devoted to politics, science, religion, and society.

WILLIAM T. CLARKE,

its editor-in-chief, is widely and favorably known as one of the most able, brilliant, and forcible writers in the country. Mr. Clarke will be assisted by a corps of famous contributors, and the literary department of the GOLDEN AGE will be of such a character as to insure its careful perusal by wide-awake readers, well-to-do families, and enterprising business men.

KID GLOVES GRATIS!

The GOLDEN AGE offers the most liberal premium ever before presented, viz.: **A Pair of Ladies' Elegant Two-Button Kid Gloves to every new subscriber.** Thousands of people from all sections of the country appreciate this generous inducement, and the subscription list is rapidly increasing. We also offer to new subscribers who may prefer them, the two elegant chromos: "**The Falls of Minnehaha,**" and "**The Gorges of the Yo-Semite,**" or the handsome "**Flower Piece.**"

FROM THE GOLDEN AGE, JANUARY 16TH, 1875.

OUR POSITION DEFINED.

Several months ago THE GOLDEN AGE was purchased from Mr. Theo. Tilton by a well known literary gentleman of this city. But on January 1st, 1875, the entire property, good-will and subscription list of the above named journal, were sold to the GOLDEN AGE PUBLISHING COMPANY, which is composed of enterprising gentlemen of capital and experience, who are determined to extend its circulation and give it a prominent place among the weekly journals of the country. The GOLDEN AGE is free, independent, unbiased. It stands for no man, party or sect. It advocates good morals, good manners, advanced thought, and is a thoroughly frank, honest, good paper for everybody who loves to read the truth from all standpoints. Under these circumstances we deem it proper to state that the GOLDEN AGE is no more the organ of Theodore Tilton, than it is the organ of Henry Ward Beecher, and that these gentlemen are no more responsible for its columns than they are for those of the *Independent*, because they formerly edited that journal."

THE GOLDEN AGE CIRCULATES

Among people who read and think, people of enterprise and liberality, people who are "alive," and want what is new and excellent, people who are progressive, and it has an exclusive constituency not reached by any other medium. Among such people advertising pays an hundred fold.

THE BEST ADVERTISERS,

and the most experienced and successful merchants in the country, advertise freely in the GOLDEN AGE, among whom are A. T. Stewart & Co., Wheeler & Wilson, E. Ridley & Son, Jeremiah Curtis & Sons, Ivison, Blakeman, Taylor, & Co., Harper & Brothers, J. B. Lippincott & Co., O. Ditson & Co., John F. Henry, Curran & Co., Decker Brothers, and hundreds of other prominent firms.

Twelve numbers will form a volume. Subscription Price, on middle fine paper, 25 cents; on extra fine paper, 35 cents a volume. The object we have in view, and which we flatter ourselves capable of accomplishing, is shadowed forth in the name we give to this publication. We wish to further Freethought by furnishing a Freethought periodical for the million. The general tenor of the FREETHINKER will somewhat differ from that of other "liberal" papers, most of which hesitate to come out with the truth. We denounce this half-and-half policy, we think the times ripe and the FREETHINKER will exhibit the same uncompromising and dauntless spirit against error and superstition as its twin brother, the *German Freidenker*, has done during the last three years in this country. Therefore, we shall freely criticise all irrational doctrines and systems of untruth, opposing to them the philosophy of common sense. The paper must be sold everywhere, at the news stands and by newsboys, and therefore we earnestly invite our friends throughout the country to join in this work of universal circulation, by ordering from us for distribution or sale in their respective districts, large numbers of copies (as 500, 1,000 or upwards), which we will supply at the rate of \$1.10 by the hundred. A limited number of advertisements will be accepted. Parties wishing to advertise in this universally-circulated journal, can make arrangements at the office, or with Geo. P. THE DEMOCRATIC PAPER OF THE UNITED STATES.

DAILY, SEMI-WEEKLY, WEEKLY.

Every one, it is often said, advertises now. But every one does not know how to choose a proper advertising medium. Large sums of money are annually thrown away on profitless advertisements that if intelligently applied might have resulted in fortunes. There are two considerations to be kept in mind by the intending advertiser—first, what circulation has the newspaper I am now about to use as my medium for reaching the public; and, secondly, what average character has its readers. A good newspaper for advertisers is one that not only has a large number of readers, but has also readers among all classes of society, and in all States of the Union. The character of the readers of a journal is of more importance than their number; for it is not the number of eyes seeing your card, but the number of persons to whom it appeals that increases your sales. THE WORLD fills this estimate of a good advertising medium fully. It circulates among all classes, and goes to every State in the Union. Its readers embrace those whom every advertiser is anxious to reach; the leaders in the various branches of industry, in the various progressive movements of the day, in the various literary and artistic circles of the country, and in the various political struggles of the time. Its articles are quoted more extensively in this country and in Europe than those of any other American newspaper; a guarantee of their ability and timeliness. In one respect advertisers in its columns have an advantage over those in any other New York newspaper; and that is in the clearness of the printing, due to good paper, good type, and careful press-work. It is believed that no American newspaper affords a better or cheaper advertising medium, in its daily, semi-weekly, and weekly, than THE WORLD.

This, our CORNER STONE, is founded on a solid foundation of RIGHT, and we have the might to speak the sentiments of TRUTH.

THE CORNER STONE.

BY W. L. GARDNER.

What have ye there!
A perfect square—
An emblem of our own,
First, last and least
In the "North East,"
A CORNER STONE.

A firm, sound base,
On which to place
The Master Mason's throne,
A pattern true
Of what we do—
A CORNER STONE.

An upright man,
Made by God's plan,
Work that will stand alone;
A monument
Of life well spent—
A CORNER STONE.

Ho! Masons all,
Obey the call,
Let charity be shown;
With precepts rare,
Live by the square—
A CORNER STONE.

THE CORNER STONE.

The above is the title of a sprightly weekly, published by S. W. E. Beckner, 636 Broadway, N. Y. It is devoted principally to Masonic and Theatrical News, and presents an elegant appearance.—"California Spirit of the Times."

The "Corner Stone" is one of the liveliest weeklies extant. It grows steadily in size, merit and public favor.—"N. Y. Republican."

The sparkling little "Corner Stone," of New York City, comes to us as an exchange. It is not a "rough ashlar" either, but a polished gem of the first water, and "square" at that. May its superstructure continue to rise steadily on its present foundation, until it shall rear its lofty head in eternal sunshine.—"Arcanum Ark," Philadelphia.

The New York CORNER STONE is largely circulated.—*Extract from Affidavit in the Supreme Court, before Judge Cardozo, July 12, 1871.*

The "Corner Stone," devoted to Masonry, the Drama, Fine Arts and the working classes. Typographically it is a success, and no doubt unites the masses.—"N. Y. Express."

The "Corner Stone," published at 636 Broadway, New York, comes to us in a new and appropriate dress. It discusses all questions relating to the present age in a straight-forward and justifiable manner. It is also devoted to the interests of Masons, Thespians, and to the people in general. We bespeak for it an extensive patronage.—"Ours Illustrated," Providence, R. I.

The spiciest, wittiest and most entertaining paper is the "Corner Stone," devoted to Masonry, Theatricals and general intelligence. Liberal in its views, and discusses all points from an independent standpoint. It is truly a masonic organ, and very acceptable to the fraternity.—"Utica Daily Bee."

We have lately added to our exchange list the "Corner Stone," published at 636 Broadway, New York. It is neatly gotten up, has a taking head and title, shows brains all through, deserves success, and we wish for it unlimited prosperity.—"Green Room," New Haven, Conn.

The "Corner Stone," published at 636 Broadway, every Saturday, by S. W. E. Beckner, is a pretty little sheet devoted to Masonry, Fine Arts and the Drama. Though small, it contains a large amount of reading matter, being set in solid type.—"New York Sun."

The "Corner Stone" is saucy, wide-awake and thoroughly independent; it "goes for" all corruptionists, high and low. Its character is a sure guarantee of success.—"New York Herald."

It would pay the readers of our paper in Utica, whether masonically inclined or not, to subscribe for the "Corner Stone," a masonic paper of real masonic truths, published in New York City. Its editor and proprietor is not only a Mason, but a man as well.—"Bee."

The "Corner Stone," a masonic weekly, published by S. W. E. Beckner, an educated Mason and past master, is a charming little paper, live to the issues of the times. It is bound to become a success, being cosmopolitan in character, but devoted to the interests of masonry.—"New York Evening Globe."

Western Farm Journal.

THE LEADING AND POPULAR FARM AND FIRESIDE PAPER OF THE
NORTH-WEST.

Published every Friday, at Des Moines, the Capital of Iowa.

ENLARGED NOVEMBER 1874, AND IS NOW THE LARGEST AGRICULTURAL
WEEKLY PUBLISHED ON THE AMERICAN CONTINENT.

The JOURNAL has the largest circulation of any paper west of Chicago or north of St. Louis. It is mailed weekly to over 3,600 Post-offices, and in Iowa alone, to over thirteen hundred, out of about fourteen hundred and fifty offices in the State.

In the States and Territories of the Pacific Slope it has a larger circulation than any other paper published East of the Rocky Mountains.

The JOURNAL is an Official State Paper, taken by Legislative enactment, and kept on file as a public record in every county in Iowa.

ADVERTISING IN THE WESTERN FARM JOURNAL.

A FEW CHIPS FROM BUSINESS LETTERS.

The following is from Messrs. Ennis & Patten, Nurserymen, Clinton, Iowa:

"Enclosed find draft for \$210, balance on advertising account. Be pleased to accept our sincere thanks for favors from your paper. We deem our advertisement in your paper of very great service to us; we have had the most successful business this season we ever had, and attribute it all to judicious use of printer's ink.

This from the Gibbs & Sterrett Manufacturing Company, of Chicago:

"We cannot but express our gratification at the result of our advertising in your paper. We can justly say it has brought us a constant flood of letters, and has produced more substantial and paying results in proportion, than all our other efforts in that direction combined."

From the Secretary of the American Insurance Company, of Chicago:

"We consider the WESTERN FARM JOURNAL a *first-class* medium for advertising for ourselves, or for any one who wishes to reach the general public, especially the farming community. Our use of its columns pays us well. A paper like the WESTERN FARM JOURNAL is read. It is not subscribed for by persons who do not expect to peruse its columns. You might as well attempt to water plants inside of a hot-house by sprinkling the roof, as to educate the general public by advertising in papers that are not read."

Geo. C. Thomas, Esq., General Manager of the Weed Sewing Machine Company, says:

"We have been advertising regularly for over two years in the WESTERN FARM JOURNAL, and have found the investment a paying one. Our dealings with your paper have been perfectly satisfactory."

DEERE & Co., the renowned plow manufacturers of Moline, Ills., say that for their advertising in the agricultural press of the West they patronize *exclusively* the WESTERN FARM JOURNAL.

"We consider your paper the best journal in the North-West to advertise our business. We are deriving much benefit from it and have concluded that it is the *only* paper in this section in which we need advertise, for it seems to reach everywhere in the Western States."

The American Patron.

THE BEST AND CHEAPEST GRANGE, AGRICULTURAL AND FAMILY JOURNAL PUBLISHED IN AMERICA.

A Few Reasons Why the PATRON Should be Taken by Every Farmer.

THE AMERICAN PATRON was among the first papers which espoused the cause of the Agricultural class in their endeavors to shake off the yoke imposed upon them by giant monopolies; and while the young prodigy, the Order of PATRONS OF HUSBANDRY was struggling for a very uncertain existence, the PATRON, believing its principles to be correct, sought to extend the organization by every available means, in which it has met with unbounded success.

In politics, the PATRON adopts no line of policy as laid down by either of the great parties now contending for power, believing the needed reforms in the administration of government should be brought about within those parties, by a wholesome influence exerted in caucus and convention and at the ballot-box, rather than by the formation of any new party, which should be the last resort, for even a new party may have very unprincipled and corrupt men thrust forward, and eventually become rotten like its predecessors.

The PATRON regards the social feature of the Grange, as the most important, and one from which will arise greater benefits than from the combined reforms in the commercial and political relations of our country.

In purely Agricultural matters the PATRON endeavors to reflect the best opinions of the entire agricultural press of the United States, giving each week such extracts as will most benefit our readers. Our Crop and general reports from the various parts of the country have been excelled by very few papers, and we confidently believe that before the expiration of another year, no paper will be able to compete with us in this line.

The price of the PATRON places it in the field *without a single competitor*. Believing that there was no good reason why a first-class farm paper could not be published at about one-half the price usually charged, we have made exhaustive experiments, and with the experience of *four volumes* before us, we have found that a paper as good as the best, can be published at our price,

The Christian Cynosure.

A RELIGIOUS UNDENOMINATIONAL FAMILY JOURNAL, DEVOTED TO REFORM IN CHURCH AND STATE.

OPPOSITION TO SECRET SOCIETIES THE PROMINENT OBJECT.

A LARGE 16-PAGE WEEKLY, AT \$2 00 PER YEAR.

Secret societies swindle men out of their money, their freedom, and their religion. Their despotic rule is now felt in all our cities, towns and villages.

THE CHRISTIAN CYNOSURE teaches that God alone is Lord of the conscience and hath left it free from the doctrines and commandments of men. That Christ is the only law-giver and the Bible the only law in religion. Hence all attempts to bind the conscience even to good, by secret and intimidating or solemn oaths, pledges and ceremonies, are impious rivalships of the religion of Christ, and when salvation is promised by the human rites and precepts of such "orders" they are substitutes for the atonement, and attempts to cut the only connection between man and his Maker.

It maintains that secret centralized societies are in their nature different from, and opposed to popular government, and that their oaths and extraordinary obligations should be suppressed by law, and that foresworn men are disqualified for jurors and unfit to legislate or execute laws for a free people.

Valuable miscellaneous, family reading; children's department; religious and general news; market reports, etc., etc., are found in every number.

During the past year the CYNOSURE has been greatly enlarged and improved in every respect.

It is mailed weekly to subscribers in thirty-two of the United States, five Territories and also to Nova Scotia and Canada. It is sent to 1,994 different post-offices, and hence it is a valuable medium for advertisers.

THE CIRCULATION OF THE "TROY WEEKLY TIMES" AT EACH POST OFFICE IN RENSSELAER COUNTY, IS EQUAL TO THE NUMBER OF FAMILIES RECEIVING MAIL MATTER.

ADVERTISE IN THE BEST.

A dealer can make no better investment than in the advertising columns of a largely-circulated newspaper. The TROY DAILY TIMES circulates fully SIX THOUSAND FIVE HUNDRED *more papers than any other Journal* within a radius of ten miles around Troy, and it is safe to say there are not two hundred persons within this limit (who take any other paper) that do not take the TIMES. Twenty-five dollars will do a power of advertising in the TIMES. It will communicate any fact to all households in Troy, West Troy, Cohoes, Green Island, Waterford, Lansingburgh, and all villages along the lines of railroads running out of Troy. If a dealer can offer inducements to the public, one announcement in a conspicuous column of the TIMES will communicate the fact to nearly ONE HUNDRED THOUSAND PEOPLE; and in no other way can the same publicity be gained for TWENTY TIMES THE AMOUNT.

A peculiar feature of the GAZETTE is that as a *neighborhood paper* it perhaps is not excelled by any county journal in the whole country. It is the only paper in the county, and is eagerly read by the firesides of a staunch and industrious rural population. It emphatically "rules the roost" as a newspaper in its own section, and advertisers cannot so directly or quickly reach the county population by any other means than its well-filled columns. For editorial ability and typographical execution it asks no odds of any similar publication. It has the confidence and patronage of its county people, and therefore can better introduce advertisers to them than any sheet published abroad. Rates, 50 cents per inch, each insertion.

THE GREAT IRISH AND CATHOLIC WEEKLY.

Published at 136 Fifth Avenue.....PITTSBURGH, PENNSYLVANIA.

BY J. P. TREACY, M. D.

THE HIBERNIAN is the only independent exponent of Irish and Catholic interests west of New York. Its purpose always shall be to advocate such measures as will attain and secure the interests of both, and insure, as far as possible, their continuance and increase.

The Irish People of the grand expanse of country between New York City and the western slope of the Mississippi Valley, have long felt the want of a journal through which to receive **Home News**. THE HIBERNIAN will furnish weekly the news from every county in Ireland in the most graphic manner. The Irish People can rely on the fact that they have in THE HIBERNIAN a journal which, thoroughly Catholic to the letter, will not deem it derogatory to, or inconsistent with, the spirit of Catholicity to be thoroughly *Irish* and *American* too. Much of our space will be devoted to **Religious Intelligence**, which will be prepared with care and accuracy. The religious news of this and neighboring Dioceses will receive particular attention. The chief feature of THE HIBERNIAN, however, will be frequent contributions from the pens of the ablest and most eminent writers of the day, and editorials on current Irish, American, Home, Foreign and Catholic topics, written with elegance, care and fervor. All passing events at home and abroad, interesting to **Irish Catholic Organizations**, will be fully chronicled.

The Kansas City Times.

DAILY, TRI-WEEKLY AND WEEKLY.

KANSAS CITY.....MISSOURI.

THE LEADING NEWSPAPER IN THE MISSOURI VALLEY, AND THE SOUTH-WEST.

Has an Extensive Circulation in Missouri, Kansas, Colorado and Texas.

Located about the center of what is known as the Great Bend of the Missouri River, surrounded by the finest country in all the Great West, within a stone's throw of the Kansas State line, distant but a few hours' ride from numerous enterprising and thriving towns, the nearest metropolis (St. Louis) nearly three hundred miles away, Kansas City has every advantage, and nothing to retard its progress.

The census of 1870 records Kansas City as the thirty-fourth city on the list, showing **An Increase in 10 Years of 600 Per Cent** and as official statements prove, two hundred per cent. greater than any other city in the United States.

Population of Kansas City in 1860	3,500
Population of Kansas City in 1870.....	32,280
Population of Kansas City in 1874.....	41,330

Kansas City is the centralizing point of eleven railroads. Something of an idea of its railroad business may be gleaned from the different time-tables, which show arriving and departing time for

120 TRAINS DAILY!

The **TIMES**, with a circulation largely in excess of the combined issues of all the other paper in the city, has established a reputation unparalleled in this section of the country. It is acknowledged to be the leading Journal in all enterprises, and one of the handsomest papers in the country—is folio in form, contains thirty-six columns, size 28x44, and is printed on new copper-faced type. Established on the firmest financial basis, cost is never pitted against importance, and in all its features our aim is to make the **TIMES** a Newspaper in every sense of the word.

The Daily, Tri-Weekly and Weekly **TIMES** penetrates the country in all directions, within a radius of many hundred miles. Located as is Kansas City, just on the border of Kansas, the **TIMES**, although published on the Missouri side of the line, is, in reality, as much of a Kansas as a Missouri paper, and to-day has a larger circulation than any Journal published in that State.

Being also nearer to Northern and Western Texas than any other metropolitan daily, the **TIMES** anticipates all other journals in those sections, and has a larger circulation there than any paper published outside of the State.

The three editions of the **KANSAS CITY TIMES**, as Advertising Mediums for the Merchant, Manufacturer, and those who desire to place their business before a purchasing public, are beyond comparison the most valuable in this section of the country. Advertising terms cheaper in proportion to circulation, than any other paper in the West.

Cuts will not be inserted unless cast with solid metal body.

The **TIMES** can be found on file at the Advertising Agency of **GEO. P. ROWELL & Co.**, No. 41 Park Row, New York City, where contracts for advertising may be made; or address "The **TIMES**, Kansas City, Mo." for specimen copies of the paper and advertising rates.

Trans-Continental Iron Age.

THE LARGEST, HANDSOMEST AND BEST WEEKLY PAPER PUBLISHED IN THE STATE.

EIGHT PAGES, FORTY-EIGHT COLUMNS.

W. Y. LEADER.....EDITOR AND PUBLISHER.

THE "TRANS-CONTINENTAL IRON AGE" IS ISSUED EVERY MONDAY.

MARSHALL, TEXAS.

It takes the place of the late "Texas Iron Age" and the "Jefferson Democrat," and starts with the combined subscription lists of these two papers, and many new subscribers, which insures it the largest circulation of any weekly in the state, and we are determined to make it in all respects the representative newspaper of the great South-West.

The TRANS-CONTINENTAL IRON AGE is a business and family journal, devoted to the interests of the Manufacturer, Merchant, Farmer, Mechanic and Laboring Man. While it will be a fearless and faithful advocate of democratic principles, it will in no sense be a mere partisan sheet, but rather a bold and determined champion of all the people. It will defend and uphold their rights and maintain their interests against the usurpations of power and the depredations of official plunderers, preferring to fall in their defence, rather than rise by a betrayal of their confidence. It will ardently labor to promote the material interests of Texas, the development of her vast and splendid railroad enterprises. The salubrity of the climate, the fertility of the soil, the variety of the productiveness, and social advantages of the State, will be fully reviewed. It will be one of the aims of the TRANS-CONTINENTAL IRON AGE to cultivate a pure, literary taste, and to disseminate useful information. Tales of power and interest, poetry, articles on science, art, fashion and music, will be found in its ample pages. The latest local and general news, a report of the markets, with a synopsis of the proceedings of Congress and our State Legislature, when in session, will be given in its columns.

While the DAILY LEADER will be a fearless and uncompromising advocate of Democratic principles, it will in no sense be a mere partisan journal. On all questions which agitate the country, it will speak with freedom and candor, boldly advocating what is believed to be right, and fearlessly denouncing what is known to be wrong, without regard to party or men. We start with a larger subscription list than has ever been attained by any daily paper published in east Texas. The "Blue and the Gray" are here brought together, each telling their stories. The HOME MAIL is a Literary, Scientific, Educational and Family Journal, furnishing original contributions second to no other monthly, for these several departments. This paper is published on the point of two counties—Delaware and Broome, and is situated just forty miles from the County Seat of either Delhi or Binghamton. Here is a large tract of country important to be reached by advertisers, and this paper circulates in this section, and is rapidly increasing. Being only two months old in its present shape, it circulates twenty quires of paper, or 480 copies. In less than six months, we mean the circulation shall reach at least **one thousand**, as we intend to have an agent constantly on the road canvassing for it. The **TIMES AND DEMOCRAT** is a democratic paper and supported Samuel J. Tilden, Esq., for Governor of the State of New York, and if prospered will have the honor to yield its influence in favor of the next nominee of the National Democratic Convention, who, we believe, will be elected triumpantly to that high and dignified position.

PUBLISHED MONTHLY.

THE SPECTATOR is the most widely circulated and influential review of Insurance published in the world. CHICAGO, NOV. 20, 1874. }

Messrs. Judson, Dacey & Co., Publishers Northwestern Lumberman:

GENTLEMEN:—Please insert the enclosed advertisement in your Compiled Statement of the lumber trade for 1874. I desire to have the matter occupy two pages, placing a cut on each page. We are glad to avail ourselves of this opportunity to reach the manufacturers and dealers in lumber, for judging from the favorable results of our advertisement in your journal, "there is money in it." In the past six months, that advertisement has brought enough to pay for it for ten years. You may make the enclosed changes in it and keep it in another year.

Respectfully, H. A. BARNUM, Managing Director.

Advertisements inserted in this paper will also be inserted in the St. Louis (Mo.) EVANGELIST without additional charge. It reaches every Presbyterian Settlement in the Territories and State west of the Mississippi River. It reaches nearly every post-office (school district) in Montana, Wyoming and Colorado; and a large number in Utah, Nevada, Arizona, New Mexico, Kansas and Nebraska. In five of these States and Territories it has a more even and widely-extended circulation than any of the local secular papers in the same area. It reaches a large number of the earnest Sabbath-School workers of the Territories. It reaches a larger number of those interested in building up the Common School System of the Territories than any other paper. It reaches a large number of intelligent readers in the mining and other frontier settlements and at the United States military posts, who, to a great extent secluded from the outside world, keep pace with its progress by means of books and magazines, which they order by mail. It is the only Presbyterian newspaper between St. Louis and San Francisco, a distance of 2,000 miles. The constant and widely-extended trips (25,000 miles annually) of the Editor, as Superintendent of Missions, into all portions of the Territories, give him unequalled facilities for reaching and influencing the masses, extending the circulation of the paper and benefitting advertisers.

We know that many of our subscribers read *every word* in the DEMOCRAT, *advertisements and all*, each week, and it can be found on the family table for a month after publication. Each copy is read by at least ten individuals—for it is extensively loaned in neighborhoods where taken.

To the Friends of Woman.—The GOLDEN DAWN occupies a distinct field in journalism; advocating as it does a broader and more extended sphere for Woman than has thus far been assigned to her. Wider avenues in the World of Work, whether manual or intellectual, and better opportunities to enter the professions and compete for the honorable emoluments arising from them, should be opened to her. She should be educated more liberally, and prepared mentally and physically, for the higher and nobler callings for which nature and nature's God intended her. The purity and queendom of the Home should be maintained supreme by Woman. The GOLDEN DAWN battles for the establishment of these principles and the realization of that more perfect day for Woman, and consequently for humanity, of which the present is but the early dawn. Business men and women who are in sympathy with the principles and objects of this journal are respectfully solicited to place their business advertisements in its columns, a limited number of which are set apart for this purpose. Its wide circulation, among the homes of California and the Pacific Coast constitutes it the best advertising medium of its class in the West. See rates of advertising above. The New Orleans German Gazette.

(Deutsche Zeitung.)

The undersigned, proprietor of the "**German Gazette**," published daily and weekly, begs leave to call your attention to the great advantages offered to merchants, mechanics and business men in general, by availing themselves of the columns of this paper for advertising purposes.

Every business man of experience is aware of the enormous benefits derived from an advertisement published in a newspaper of large circulation.

The GERMAN GAZETTE is now in its twenty-seventh year of prosperous existence, and has a "far larger circulation than any other German publication throughout the South." It is read in every German household, consulted by every business man of that nationality in this city and all over the South, especially in Louisiana, Texas, Mississippi and Alabama.

It is well known that numerous German merchants and mechanics are scattered throughout the country, who naturally look to a newspaper published in their native tongue for information relating to their business necessities. The GAZETTE is therefore an advertising medium suited to the interest of every business man.

Columbus Safeguard.

COLUMBUS JUNCTION.....LOUISA COUNTY, IOWA.

PUBLISHED EVERY WEDNESDAY, BY R. H. MOORE.

THE MOST SUCCESSFUL LOCAL PAPER IN IOWA.

The "Safeguard" is Entirely Printed at the Home Office, and will Continue to Be. It has the Largest Circulation of any Paper in Louisa County, and is Therefore the Best Advertising Medium.

To show that the SAFEGUARD is justly entitled to be classed among the most successful news-papers in Iowa, we call attention to the following from the *Iowa State Register*, published at Des Moines, Iowa: Among all our Iowa newspaper folks we know of no person who has more signally illustrated what a young man can do when he tries, than Mr. R. H. Moore, of the COLUMBUS SAFEGUARD. His course is a good denial of the stilted assumption of a recent magazine article that the public is stupid to think that there is any connecting link between a printer and an editor. Five years ago Mr. Moore was a printer in the *Register* office. He was a bright, determined boy, prompt and conscientious in the performance of his duties, and an artist in his work. To a good name as a news printer he quickly added the reputation of the best of job printers. He worked hard, made good wages, and saved his money. Leaving here, against the advice of older heads, who thought him foolish in turning his back on large wages and a steady situation at the case, the boy went off in the world to find if it wasn't in him to be something more than an employee. Mere boy as he was, he managed to get hold of enough material to start a newspaper at Brighton, the *Pioneer*. At once he showed that he had good brains as an editor, as well as swift fingers as a printer. The same industry, thrift, and good judgment which had been his traits as a compositor attended him as an editor. In 1870 we think it was, he thought he saw a better field at Columbus City, Louisa County, and removed there. Soon he had put his new paper on a paying foundation, and as soon he had gained for it popularity and influence. In January, 1872, his office was burned down. Mr. Moore was not long in getting a new office together, and the SAFEGUARD, in its new form appeared all the brighter and seemed but the better for having been burned. This renewed evidence of energy gained for the young publisher and still more generally popular confidence. The public recognized merit in such evidence, and, as it always will, rewarded it. The prosperity of the SAFEGUARD, the rapidity with which it was put on sure and permanent footing, and the wide-spread influence it has attained to, both at home and in the State at large, are the simple results of the patient work, good management, and clear-headed Bob. We are told by one of the prominent men of that section, who has watched his career with pleasure and pride, that Mr. Moore is to-day worth not less than \$10,000 to \$12,000. All this has been made out of his business, by the thrift of good management and the dint of much hard work by his own hands. Such an example as this is one for young men to reflect upon and profit by. Mr. Moore began life under adverse circumstances. He was sensible enough first to get a good trade, and after that he was sensible enough to be industrious. This is the whole secret. To be sure he had ability, but so have many young men, the most of them indeed. His notable success as a journalist, and his sterling worth as a man, have induced us to write at the length we have. There are plenty of printers who can go and do likewise, and who should do it. The men who are the best men for society and the State are men like Bob Moore.

The Louisiana State Register.

THE ONLY INDEPENDENT PAPER IN THE STATE.

PUBLISHED EVERY SATURDAY MORNING, AT

NEW ORLEANS.....LOUISIANA.

AMOS S. COLLINS, EDITOR AND PUBLISHER.

Terms.....Two Dollars per Year.....In Advance.

The LOUISIANA STATE REGISTER is the only republican paper in Louisiana that is entirely independent of any political ring or clique. The recent elections have demonstrated the great truth, that the people are determined to get rid of the republican party, if it is to continue the place of refuge for the thieves and rascals that in too many instances have filled its chosen places to the scandal of the party, and the disgrace of our republican institutions. While the STATE REGISTER will continue as a republican paper it will not be a partizan journal. With the Conservatives who may hold office in this State we propose no factious fight. We shall work for the restoration of good government in the State, and to that end we will not refuse our endorsement or support to any party or office holder who is honestly laboring for the same good. We shall advocate the reduction of offices, and official fees and salaries. We will favor the people choosing their officers, this being a republican government and not a petty monarchy. The right of the Governor to appoint officials should be changed and his authority in that direction limited. We shall insist on the observance of the constitutional provision, that a man shall hold but one office at a time, and that office holders shall realize that they are the servants and not the masters of the people. The cumbersome election laws, that serve as a cloak to conceal villainy and fraud, must be abolished and plain laws be enacted in their stead. Louisiana must have a good government before her people can prosper, and an honest, independent press is one of the great agencies to secure that result. We want 10,000 new subscribers for next year. Every citizen of the State should consider it as his duty to send us his subscription. We offer no flaming chromos as premiums to subscribers. We make no great promises of what we shall do in the future but with an honest determination to work, so far as we have strength and capacity, for the overthrow of every corrupt politician in the State, and for the restoration of a good, honest, equitable government, we feel that we are entitled to receive a patronage that will enable us to do our work well.

The Oread.

OF THE MOUNT CARROLL SEMINARY,

Is published by the OREAD SOCIETY of the Institution. It is a twenty-two-page quarto, with a circulation of seventeen to twenty-five hundred—extra issues being made for gratuitous circulation at different periods of the year. As an Advertising Medium, Educational and College journals are rapidly gaining the position merited. No other periodicals are so thoroughly read, none are so carefully preserved and so often referred to as these; and the advertisements are carefully examined, and reaching, as they do, the families of the most intelligent and cultivated classes, the advertisements gain a conspicuity not to be found in any other equally large line of journals published in the world.

The large class of teachers who are interested in school journals makes the advertising space especially desirable to publishers and dealers in school apparatus.

This institution was incorporated in 1852. Of it, says Rev. J. A. Smith, D. D., of Chicago: "We feel warranted in pronouncing this school, for all the highest purposes of an education, one of the best in our knowledge. * * * We regard it as unsurpassed in the West, whether as respects the judiciousness of the discipline and the substantial value of the instruction."

The OREAD, as the organ of an institution twenty-two years old has a circulation far superior to local papers, as it goes to the old students, scattered to nearly every State in the Union, from Maine to Oregon and California, and from Minnesota to Texas. Giving it superior value as an advertising medium.

For advertising rates in the OREAD correspond with

OPINIONS OF THE PRESS.

THE WOMAN'S JOURNAL.—The friends of Woman Suffrage who wish to keep the issue clear from entangling alliances with other reforms and the endless host of individual whims and vagaries—who would pursue it with the same singleness of aim that marks the movement in England, and the temperance and other special reforms in this country, have established a weekly paper, the WOMAN'S JOURNAL, published in Boston and Chicago, and edited by Mrs. Livermore, Mrs. Lucy Stone, Mrs. Julia Ward Howe, Mr. Henry Blackwell and Mr. T. W. Higginson, assisted by accomplished friends of the cause. The WOMAN'S JOURNAL is a fair and attractive paper in appearance; while the variety and spirit of its articles, and the dignity, self-respect, good-humor and earnestness of its tone, will show how profoundly mistaken are those who suppose that folly and extravagance are necessarily characteristic of the discussion of the question. The JOURNAL is indispensable to those who would truly understand the character of the movement and measure its progress.—*Harper's Weekly.*

Issued Every Saturday, at \$2 50 a Year, in Advance.

The FREE PRESS is the leading newspaper, best advertising medium, and has the best office between the Colorado and San Antonio rivers. Circulates also generally, both North and South. A live paper, devoted to immigration and the development and progress of the country. Jeffersonian Democratic in politics. Official paper of the county. San Marcos, the county seat, is a growing town of some 1,500 inhabitants, located on the great highway and stage route from Austin, via San Antonio to Mexico, on the line of the International Railroad. It is noted for its religious and educational privileges, and as the center of a fine country and excellent community; also for the celebrated springs, half a mile above, which boil up from the bowels of the earth at the foot of the mountains, forming the San Marcos river, and constituting at once a great natural curiosity and an inexhaustible water power. Advertising agents, and advertisers generally throughout the country, will be apt to recognize in the proprietor of the FREE PRESS one with whom, as a newspaper publisher of Eastern Indiana during fourteen years, they have probably had business transactions, to which he can point them with pleasure as the best evidence of his responsibility and mode of doing business. We entered upon the year 1875, (D. V.,) with a determination not only to maintain the high character of THE INTERIOR for literary excellence, variety, vivacity, ability and force, but to excel that which is past. Its ample space and compact typography enables us to give a very large amount and variety of literature in each of our departments, each week. The subscriber to THE INTERIOR gets for his money the use of alert and watchful eyes and quick hands which will allow no good things in the fields of literature to escape, but will seize and send them to him for his amusement, instruction and pleasure by the first mail.

MOUNT GILEAD.....MORROW COUNTY.....OHIO.

THIS PAPER SHOULD BE IN EVERY FAMILY IN MORROW COUNTY.

Being the Only One Published in the County that Gives to its Readers Promptly
Every Wednesday Morning, a Complete and Carefully Prepared
Report of all Local News, on the Third Page.

AMONG THE MANY ITEMS OF INTEREST TO FARMERS ARE THE MOUNT GILEAD CUR-
RENT MARKETS, CORRECTED EACH WEEK BY ONE OF THE LEADING
GROCERS AND ALSO A PROMINENT GRAIN DEALAR.

The Transfers of Real Estate, Furnished Every Saturday Evening by the County
Recorder.

The matter to be found on the local page alone is enough to reward a patron of THE UNION REGISTER for the small sum of \$2 asked for the paper one year. On the outside pages of the paper we give reading matter of importance to every one, such as articles on the live issues of the day, extracted from the most influential journals published in the country; and, too, articles from which the farmer, mechanic and others can gain desired information. The size of THE UNION REGISTER is somewhat smaller than either of the other papers in the county, which are both Republican in politics, but contains more live reading matter.

IT IS PRINTED ON NEW TYPE, AND THEREFORE PRESENTS A BRIGHT, CLEAR PRINT.

It advocates the cause of Democracy at all times, and never shirks an opportunity to work where it will do the most good for the party.

TO ADVERTISERS

THE UNION REGISTER offers better inducements than papers in general, having a large and increasing circulation. Advertising rates furnished on application to the publisher.

An Old Established Paper! A Certified Circulation! Twenty Years Under One Proprietorship! Largest Daily in the State!

THE FIRST STEAM PRESS IN THE WABASH VALLEY.

It has published the cable and associated press dispatches for many years. It has a larger circulation than any other newspaper in Lafayette or Northern Indiana. When, under the old law, the letter list was awarded to the paper having the largest circulation as certified under oath, the COURIER got the award for ten consecutive years. When, under the revenue law, newspapers having less than 5,000 circulation were exempt from tax, all the papers in Lafayette and Northern Indiana, except the COURIER, claimed the exemption. "I entered the press room and counted 4,500," is the published certificate of B. S. H. Good, formerly of Demas, Barnes & Co., now of Good & Roof, No. 34 Broadway. "I consider the COURIER the best advertising medium in Indiana," is the unsolicited tribute of John D. Park, Cincinnati. As the COURIER never sends out solicitors to misrepresent the business of rival papers, this statement of facts from the record is made in simple vindication. We certify all the circulation we claim!

LAPOINT & BOND, EDITORS AND PROPRIETORS.

“The News” is the Largest, Cheapest and Best Paper, and also the Best Advertising Medium in the Great South-West.

FOUR PAGES, SIZE 25x38, WITH FREQUENT SUPPLEMENTS AND EXTRAS.

Has a large circulation in all the States and Territories, and in Old Mexico. Is published in the largest and prettiest town in the Great South-West; is on the banks of the old, historic Rio Grande; and Mesilla is the half way station on the Texas Pacific Railroad, between the Oceans. Mesilla is destined to be the future Paradise of the Continent, as we have our own vine and fig tree; everything can be raised that is found between the Lakes and the Gulf; and we have the finest climate in the world, with 360 days sunshine in every year. The rich gold, silver, copper and other mines, though but in their infancy, have commenced to yield their untold wealth to the honest miner.

“The News” is Devoted to Mining, Agriculture, Stock Raising, Education, Local and General News.

“The News” is the Official Paper of the County and United States, and has been designated by the War, Interior and Post Office Departments, for the publication of all contracts and official business.

In order to meet the urgent demands of its patrons, THE NEWS has been compelled to be enlarged three times within the last nine months, which fact speaks volumes in its favor as a sure success. A page is devoted to Spanish, which renders it a valuable journal to the country, the people where it is published and to the advertiser.

We solicit patronage from **Eastern Advertisers**, guaranteeing satisfaction as to prices, as ours are less in proportion, considering our large circulation, than any paper published west of the Mississippi river; and the unexceptionable mechanical and typographical appearance of THE NEWS will convince those favoring us with advertisements that we display them liberally and artistically. State if advertisements are wanted both in English and Spanish. The rates are liberal, and the same in both languages.

The Valley Independent.

MYERSDALE, PA.....\$1 50 PER ANNUM.
A LIVE FAMILY NEWSPAPER.

The rapid development of the resources of the Southern part of Somerset County and its vast increase in population called into existence two journals, each especially devoted to the new interests springing up. These journals the "Salisbury Independent" and the "Dale City Record," were merged into the "VALLEY INDEPENDENT!" thereby greatly enlarging its sphere of usefulness. The rapid growth of this newspaper in influence is unparalleled in the history of the county, and its increasing subscription list bears substantial evidence to the fact that it occupies the proper position—that of independence upon the live questions of the day. As a family journal its selections are made with much care; its Local Department is ever full, spicy, and interesting; its local gleanings give, in a condensed form, the really interesting news from adjoining counties; its news space always gives the latest and most reliable news.

It offers superior advantages to advertisers at reasonable rates, which will be made known on application. Address, **THE VALLEY INDEPENDENT, Myersdale, Penn.**

Official Organ of Orange County.

The Goshen Independent Republican.

The best provincial medium in New York State. In view of the approaching business season we desire to call the attention of the general business community to the advantages offered by the INDEPENDENT REPUBLICAN as an advertising medium. The oldest paper in Orange County, having borne its present name since July 2d, 1813, it is the most widely circulated journal in this section. Its subscribers are represented in every town and village and nearly every farm in Orange County; in Ulster, Sullivan and Rockland Counties, in the bordering counties of New Jersey and Pennsylvania; in New York City, Brooklyn and Jersey City. Its location at the County Seat of Orange, makes it the focus of local political information, of which it is the official medium by order of the Board of Supervisors. It has correspondence from every point on topics of social interest connected with agriculture, horse breeding, local history, and general trade. It is read by over six thousand persons weekly. No better medium can be found by merchants for bringing their respective claims into prominent notice. It is published every Thursday at \$2 a year. Springfield Union.

PUBLISHED DAILY AND WEEKLY, BY CLARK W. BRYAN & CO.,

SPRINGFIELD..... MASSACHUSETTS.

Daily, \$7 a Year; Weekly, \$2 a Year.

It is the only evening paper in a city of 30,000 inhabitants, and has a larger local circulation than any other daily in the city or in Western Massachusetts. Its edition has more than doubled during the past two years, and is constantly on the increase, making it without doubt, the best advertising medium in the city, as its low price places it within the reach of every family, however humble their position. The WEEKLY UNION, a large quarto, eight-page sheet, published every Friday, is made up from the choicest selections from the DAILY, and contains more reading matter than any newspaper in New England, out of Boston, and has a larger circulation than any other Weekly issued in Western Massachusetts. Within a circle of twenty miles about Springfield there is now a population of 150,000, which is rapidly increasing. The UNION, which has been in successful existence for ten years, circulates largely among this population, as well as in the border towns of Connecticut and Vermont, and is the best advertising medium, considering its low rates, that is to be had in the State. Circulation, daily, 8,000; weekly, 8,300.

The Humane Journal.

A monthly paper, devoted to the proper treatment of dumb creatures. Terms, \$1 00 per year, in advance. Among the objects of this paper are the following: To collect facts and incidents gathered from experience in reference to domestic animals. To show how the abuse of dumb animals of any kind becomes a wrong, not only to the creatures themselves, but to their owners. To expose the various methods of cruelty prevalent, especially in large cities, by which horses, cattle, swine, fowl, etc., are often unthinkingly maltreated and tortured. To show how such treatment affects in reference to our food supply, the health of the community, and sows the seeds of disease. To call public attention to the overcrowding of cattle, swine and fowl in freight cars, and allowing them to suffer for want of food and drink during transit. To demand a closer legal inspection of slaughtering establishments, meat markets and stock yards. To instill these sentiments into the minds of the children and youth. And generally to arouse public sentiment to the growth of these evils.

The Christian Neighbor

IS PUBLISHED EVERY THURSDAY, IN COLUMBIA, SOUTH CAROLINA.

SIDI H. BROWNE, EDITOR AND PROPRIETOR.

The NEIGHBOR, now—1875—in its eighth year, continues an advocate of Christianity—in opposition to carnal war and aught else that is inconsistent with the Christian religion. The number of the present generation, who believe with the early Disciples of Christ, that Christianity and war are contrary, each to the other, is manifestly on the increase. In aid of the further re-establishment of this faith and practice of the primitive Christians, the NEIGHBOR continues an unswerving advocate. Though no Methodist "Official organ" has been published in South Carolina since 1835, the NEIGHBOR has aspired to nothing more than an independent service to Christianity and Methodism, seeking "in the unity of the Spirit" to edify the household, the school, the church and the State. **Terms, in Advance, One Year, \$2; Six Months, \$1.**

The NEIGHBOR, circulating at present in thirty-one States of the Union, has been found an advantageous medium for advertisers; yet only one page can be allotted to that purpose. Advertisements must be select. Address, **CHRISTIAN NEIGHBOR, Columbia, S. C.**

Each number contains twelve pages of valuable music, amounting annually in value to \$18 or \$20. Original Essays, Poems, Stories, Correspondence, Personal Notices, Criticisms, Reviews, Book and New Music Notices, Art News, &c., in each issue. During the present volume we shall continue the valuable series by Albert R. Parsons, translator of Wagner's "Beethoven." Translations from the musical literature of Germany, and other valuable and interesting articles. Advertisers will find the REVIEW

A VALUABLE ADVERTISING MEDIUM,

As we take but a limited number, and at low rates, and no amount of money or influence can procure the insertion of a single word of advertising except in the advertising columns. We do not believe in filling our editorial or literary department with matters of private interest, nor do we deem it just to subscribers to charge them \$1 or more per annum for the privilege of reading advertisements. Agents wanted in every city, town and village. Reliable parties will receive liberal terms. Advertisers will do well to send for terms, &c. Sample Nos. sent on application.

OUR PAPER AND ITS AIMS.

Having established THE COMMONWEALTH as a weekly Democratic paper, we ask for it appreciation, approval, and support. It is our purpose to maintain and defend those essential principles as Jefferson designated them in his inaugural address, on which he laid the foundation of the Democratic party.

Our Party Deceived.

Within the past decade the allegiance of the honest and true men of our party has been severely tested. It has been attempted to make policy the substitute for principles. More than once since 1860 expediency has been held up to the honest believer as the surest means of success. A false teaching put in the most alluring garb for the unthinking.

The People Abandoned.

The mechanic, the farmer, the toiler, the young men, have been left to attractive seductions of error, without teachers to impart the truth, which effectively and certainly combats it.

Cowardice of Leaders.

Those who have assumed to be leaders of the Democratic party either could not, or would not, put their chances of popular favor in peril by adhering to the cardinal doctrines Jefferson proclaimed as the embodiment of Democratic truth. The Phantom of "success" has misled those who were believed to be guides from their plain duty. The experience of the past few years has too clearly shown that a return to first principles is now the only course to be adopted.

The Remedy.

The Democratic party must be reorganized on its original foundation; the corruption, usurpation, and violation of the Federal Constitution by the Radical party must be firmly and boldly attacked, the abuses must be exposed, the powers of the Federal Government must be limited within the strict construction of the Constitution.

The Power in the People.

The people are no longer to be governed by

their agents; they must compel them to obey the popular will, honestly and freely expressed

The Old Teachings.

The public money must be used for the public good, and no longer for party needs. Gold and silver, the only money which has value, is to be the currency of the people, as it is the only currency of the Constitution. Taxation, levied on labor and paid by toil, must be limited to the necessities of government, economically administered. Legislation is no longer to be the experiment by which profits in industry are to be given to the few, but the wisest and most enlightened and unselfish regulation for the prosperity and welfare of all. Public plunder is to be known and punished as private theft, and all schemes of corporations with city, State, or Congressional aid, to rob the people, to be defeated by the persistent opposition of honest denunciation.

The Reform Needed.

Our Federal and State Capitals are no longer to be the abiding place of corrupt rings, levying on the taxes of the people, and our State is to be redeemed by the proper administration of its present Constitution.

The Real Issues.

The rights of the States, and the maintenance of the Constitution of the Federal Government in its original vigor, the return to the essential principles of true Democracy as the hope of the future and preservation of our Union, the re-adoption of our system of government as ordained by the fathers of American liberty, are the true aims of the Democratic party.

Therefore,

THE COMMONWEALTH will devote itself to the duty of reasserting this great purpose of the party, believing that the glory, permanence, and prosperity of the city, State and country will thus be assured.

While its circulation is mainly in the North-Western States and Territories, it has subscribers in almost every State in the Union. It therefore presents to the advertiser the rare advantage of reaching the great mass of Scandinavians of the North-West through ONE medium, and, in the majority of cases the ONLY medium by which this large class can be reached at all. As is well known, the Scandinavians of the North-West are, as a class, engaged in agricultural pursuits. The weekly SKANDINAVEN therefore presents to the MANUFACTURER or DEALER in AGRICULTURAL IMPLEMENTS the advantages of a great

The Word.

Published Monthly, at PRINCETON, MASSACHUSETTS. E. H. HEYWOOD, EDITOR AND PUBLISHER. Terms, 75 cents annually. Advertising rates low. THE WORD, a monthly journal of reform,—regarding the subjection of Labor, of Woman and the prevalence of War as unnatural evils, induced by false claims to obedience and service,—favors the Abolition of the State, of Property in Land and its kindred resources, of speculative income and all other means whereby intrusion acquires wealth and power at the expense of Useful People. Since Labor is the Source of Wealth, and creates all values equitably vendible, THE WORD, (not by restrictive methods, but through Liberation and Reciprocity), seeks the extinction of interest, rent, dividends, and profit, except as they represent work done.

Sigourney Review.

W. R. HOLLINGSWORTH.....Editor and Publisher.....SIGOURNEY, IOWA.

The REVIEW has a large circulation in one of the richest agricultural and mining counties of the State. Publishes more original matter than any paper in the county. Chronicles events as fast as they happen, and sometimes faster. Everybody takes it as they do the measles; fair damsels always carry a copy of it about them, and children cry for it, more than they do for their catechism. The publisher is very accommodating about taking advertisements—used to take them on time—but discovering that it always “busted” the advertiser, has quit it, not wishing to destroy the business of the country. The Excelsior Magazine.

PUBLISHED MONTHLY, AT

CHICAGO,

ILLINOIS.

M. GARLAND WALKER, EDITOR AND PROPRIETOR.

Terms \$3 50 per Annum.

Our purpose is to furnish the reading public of Chicago and the West a journal devoted exclusively to Art, Literature and Fashion, which shall present a terse and compact summary of literary and artistic intelligence from the whole country in general, and from Chicago and the West in particular; to inform its readers what the painters, the sculptors, the singers, the actors, and the authors are doing; to comment upon their work; and fitly to give it place, and hearing, and seeing. In addition to the original matter contained in its pages, a choice selection of miscellaneous articles, culled from the best sources, and in keeping with the general character of the magazine, will be printed each month.

s a want for such a magazine. Literature and the arts, in combination, are not represented to-day in this country. The monthly magazines devote themselves almost exclusively to literature alone, and, although some of them have recognized the claims of music and the kindred arts, by giving place to them in the pages of their supplements, there should be some distinct medium to reflect popular opinion, record triumphs, and discuss failures.

This is the main purpose of this magazine; and we shall strive to make each number as perfect as possible, both inwardly and outwardly, and to give to its contents a pure and exalted tone and a feeling of interest which shall commend it to every fireside where literature and art are recognized and loved.

The Commercial Times.

MILWAUKEE, WISCONSIN.

THE WISCONSIN PUBLISHING COMPANY take pleasure in announcing that they began with the year 1875 the publication of a daily and weekly newspaper in the city of Milwaukee. The Company has already purchased the *Milwaukee Evening Times*, the *Milwaukee Journal of Commerce*, and the *Wisconsin Lumberman*. The subscribers and patrons of the *Evening Times* will be served with the daily *Commercial Times*, two editions of which will be issued every afternoon. The subscribers and patrons of the *Milwaukee Journal of Commerce* will be served as heretofore with the *Milwaukee Journal of Commerce* which, greatly enlarged and improved, will constitute the *Weekly Edition of the Commercial Times*. The *Wisconsin Lumberman* will be published without change of name.

THE WISCONSIN PUBLISHING COMPANY will begin business without debt and with ample capital. An abundance of first class talent has been engaged to make success a certainty. The primary object is to make a journal that shall earn support by ability, candor, fearlessness, courtesy, and well-digested summaries of current news. It is designed to employ brains, industry and judgment enough to give the pith and marrow of the world's daily history in a clear, condensed and readable form, so that busy people may find much in a brief space, without needless use of time.

THE COMMERCIAL TIMES, in politics, will aim at *True Democracy*—Thomas Jefferson Democracy, not Jefferson Davis democracy. It will be the advocate of principles rather than of party. The leading political principles which will guide the COMMERCIAL TIMES are: Tariff for revenue only; the money recognized as a common standard by the commercial world; personal liberty as opposed to sumptuary laws; the proper balance and harmony between the State governments and the Federal government; resistance to the encroachments of aggregated capital; just control of corporations by the State; the Constitution with all its amendments. From these political principles no departure will be made for the sake of upholding any party or its leaders. Under no circumstance will the COMMERCIAL TIMES become the organ of a party without principles, or of a man without character. Neither will it become the advocate of any particular interest against the general interest.

The Milwaukee Journal of Commerce

is the best known and best-read commercial paper in the West. It has a large subscription circulation among all classes of Western merchants and manufacturers, gained by active existence of seven years. It is also issued in a large number of regular editions of from 500 to 2000 copies each, every week through the trade seasons, at the expense of Milwaukee merchants and manufacturers, to every town in the North-western States. It has each week large special editions at the expense of establishments described in its columns, which reach all parts of the United States. It has a regular, paying circulation in eleven hundred and eighty-three towns and cities, distributed through the following States: Wisconsin, Iowa, Minnesota, Nebraska, Colorado, Missouri, Kansas, Michigan and Illinois. As a proof of the estimation in which it is held by those who know it best we invite you to observe that the MILWAUKEE JOURNAL OF COMMERCE now carries the largest and most varied collection of purely local advertisements anywhere published in the United States. It is therefore the most desirable advertising medium for all classes of Eastern manufacturers, jobbers and commission men.

The Wisconsin Lumberman.

MILWAUKEE, WISCONSIN.

Devoted to the lumbering interests of the whole North-West, and to the literature of wood, contains valuable statistics and carefully-pronounced opinions, which every one interested in the production, manufacture or sale of lumber will do well to consult. Employs special correspondents in every one of Wisconsin's six pineries, on both sides of Michigan, and at every great lumber market in the United States and the Canadas. Is the official organ of the North-western Lumbermen's Association. A worthy exponent of the most extensive manufacturing interest in America. The surest means of communication for inventors and manufacturers with the lumbermen of the North-West. Should be read by every business man directly or indirectly connected with the vast lumber trade of the country.

Board of Publication,

CUMBERLAND PRESBYTERIAN CHURCH.

PAPERS AND PERIODICALS.

In consequence of the new law, which requires the PREPARATION of postage on all Newspapers, Periodicals, etc., the Board of Publication makes the following announcements:

CUMBERLAND PRESBYTERIAN, (including postage).....	\$2 65
[Extra copy for a club of ten.]	
THEOLOGICAL MEDIUM, (including postage).....	2 10
[Extra copy for a club of three.]

SABBATH SCHOOL GEM, single copy, (including postage).....	50
“ “ in clubs of from five to fifteen, to one address.....	40
“ “ in clubs of twenty or more, to one address.....	30

THE CUMBERLAND PRESBYTERIAN is a Weekly Newspaper, 32x47, quarto, and has NINE THOUSAND *bona fide* subscribers. Is issued simultaneously at Nashville, Tennessee, and St. Louis, Missouri. As an advertising medium it scarcely has a rival among the great Religious Newspapers of the day, for it is the only weekly published under the auspices of the Cumberland Presbyterian Church—a denomination of more than *one hundred and twenty-five thousand* communicants. In the South, South-west, West, and North-west, there is scarcely a post-office to which the paper does not go. The CUMBERLAND PRESBYTERIAN is under the control of the Board of Publication of the Cumberland Presbyterian Church, and said Board is located in Nashville, Tennessee. As the CUMBERLAND PRESBYTERIAN is the only weekly published in the entire denomination, it is confidently believed that before the close of the year 1875 the paper will have a subscription list of at least *Fifteen Thousand*. The CUMBERLAND PRESBYTERIAN is a consolidated paper—the result of the union of three weeklies, the *Banner of Peace*, Nashville, Tennessee, the *Cumberland Presbyterian*, St. Louis, Missouri, and the *Texas Cumberland Presbyterian*, Tehuacana, Texas.

To those engaged in *legitimate* trade and commerce, therefore, the CUMBERLAND PRESBYTERIAN affords almost extraordinary advantages as a medium through which said business can be made known to the public; but under no circumstances and at no price, will “blind advertisements” be put in its columns. THE OLDEST LITERARY AND FAMILY PAPER IN THE UNITED STATES.

Founded August 4, A. D. 1821.

The Saturday Evening Post

AN ILLUSTRATED WEEKLY.

—AND THE—

ILLUSTRATED

People's Monthly,

OF PITTSBURGH,

Have Been Consolidated, Combining all the Popular Features of Both Papers, and Giving It the

LARGEST CIRCULATION IN THE STATE,

With One Exception.

We call attention to the following points, which make THE SATURDAY EVENING POST a specially valuable medium to advertisers:

First.—Its large circulation in all parts of the United States.

Second.—The class of its patrons, including many who have been subscribers for a period of from ten to fifty years consecutively, and who take no other journal, excepting, possibly, a local county paper. The character of its contents not being prepared for any particular class, it is perused with pleasure by all classes.

Third.—By its excellent typographical appearance, advertisements are made attractive to the eye. Skilled printers take special pains in the arrangement of all advertisements, small as well as large, so that each may appear to the best advantage.

Fourth.—The class of our advertisers. We knowingly admit none whom we do not have good reason to believe honorable and responsible.

Fifth.—The limited number of advertisements received enables us to virtually endorse them. A fact so well known to our subscribers that they feel safe in giving their patronage, which renders the space secured highly profitable to our advertising patrons.

Sixth.—The permanent value obtained. A majority of our subscribers preserve and bind their volumes.

Special.—The value of the POST as a select advertising medium is daily increasing. We are making a vigorous campaign by means of over two thousand agents, and believe we shall quadruple our list during the present year. We suggest the wisdom of making at once a contract for advertising, securing the present favorable terms. As our circulation increases we shall be compelled to increase also our advertising rates.

The Vindicator.

PUBLISHED BY THE NATIONAL INSURANCE PUBLICATION CO.,

341 WALNUT ST., - - - PHILADELPHIA, - - - PENNSYLVANIA.

HON. BENJAMIN L. BERRY, PRESIDENT; LOUIS B. WEYSSER, SECRETARY.

We respectfully call your attention to a new publication, THE VINDICATOR, devoted to the interests of Insurance, and request your special attention to the following few important features of our future policy, upon which we base our claims to preference.

Having only the good of our great interest at heart, the welfare of the Companies, and the protection of their clients, and being free from all jealousies and resentments, THE VINDICATOR will go forward on the path it has mapped out, and prosecute its high mission without fear or favor. No Company shall be the target of attack, secret or open, because it withholds from us its patronage, but such as are really strong and honest, who have suffered from assaults, inspired by sordid motives, will be defended. No Company unsound and untrustworthy shall receive our support, and have the mantle of charity thrown over its sins, because it distributes its ill-gotten gains in advertising. We shall protect the good and denounce the bad, uphold the honest agent, and expose the swindler and forger.

We shall also aim to make THE VINDICATOR the medium between the Companies and the assured. The Insurance Journals of the present are technical in tone and confined in circulation to Insurance circles. The great army of policy holders have no mouth-piece, no regular method of ascertaining the constantly-fluctuating conditions of Companies, and no method of making their wants, ideas, and suggestions known. Even when they do occasionally stumble upon an Insurance publication, its language is well nigh unintelligible to them, and they turn from its pages no wiser than before, and with only a confined notion, worse than their previous ignorance, of the facts for which they were searching.

We shall make THE VINDICATOR a Weekly Journal. The great majority of our contemporaries are monthlies, which will give it an immense advantage over other periodicals of the same class, and four-fold more valuable to readers and advertisers.

We Commend its Advertising Columns to You as One of the Best Advantages Ever Offered for Giving Publicity to the Annual Condition of Affairs of Your Company, or any other Matter of Importance, which we will Place Before the Notice of a Wealthy Mercantile Class of Readers in Every Prominent City in the Union, Hitherto Ignorant of the Wide Distinction and Advantages Offered Between the Various Companies Seeking Public Patronage.

Herald, J. C. Potts, of the Bellville (O.) Weekly, A. H. Potts, of the Chester County Times, William and J. T. Potts, farmers, having two first-class Chester County farms, thus establishing the journal on a firm basis. Owing to certain irregularities in its former management it has been decided best, in order to thoroughly refit the office and effect an entire new organization in every department, that the October number of 1875 be the first issued, and that the price be reduced to \$1 a year, which will include extra numbers. AN INDEPENDENT LOCAL, BUSINESS AND LITERARY JOURNAL OF THE FIRST CLASS.

The aim of its conductors is to produce a journal equal in enterprise, ability, and intrinsic value to any newspaper issued at home or abroad. It has every mechanical appliance new and complete, and all facilities in its business departments for securing accuracy and dispatch. In the interest of neither sect nor party, nothing will interfere with its plain and outspoken independence, while its endeavor will be, by consistency and fairness, to challenge the respect of an intelligent public. It will aim to present in a brief and comprehensive manner what is most noteworthy in the current life of the world, and for this purpose its various departments are in charge of competent and experienced persons. Trustworthy correspondents in all the principal cities of New England will send the latest intelligence from their respective localities, while the Press Association will furnish by telegraph the very latest news of Saturday night and early Sunday morning. As an advertising medium it possesses the following advantages over other journals in this State: It is published and distributed early Sunday morning, and is therefore read by a large class who have no other leisure time to devote to reading. It gives the latest telegraphic news from all parts of the world, and is eagerly sought for by those desirous of reading the latest intelligence. It contains interesting and instructive reading matter on every page, so that no portion of it is passed by unread. The arrangement of its advertising columns are such as to greatly enhance the value of the same for advertising purposes. Advertisements are so set up that every word and every line is clear, distinct and readable, thus inviting perusal. Its type is all new and showy, and its mechanical appliances complete. The Advance.

A WIDE-AWAKE PAPER FOR THE FAMILY.

The **ADVANCE** will, as heretofore, give special attention to its department of Religious Intelligence, which is already more compact and complete than that of any other religious weekly. Its Children's Pages are always popular with the young folks, equaling, during the year, both in quality and amount, almost any of the juvenile magazines. In its Literary Department will be found brief but discriminating notices of recent books. A new Serial Story by E. P. ROE, author of "Opening a Chestnut Burr," &c., will be commenced about June 1st, and continue through 1875. Its Topics of the Times, discuss current events in the light of Christian good sense. Its Home Hints furnish useful, practical suggestions to housekeepers. Its Column of Trifles is carefully prepared, on the principle that "a little nonsense now and then is relished by the best of men." Its selections under the head of Christian Life give the choicest religious reading to be found in current literature. Under the head of Christian Work are gathered news, summaries and condensed reports of Evangelistic and Benevolent work, including that of the Young Men's Christian Association. Among the

NEW FEATURES

will be a column of Popular Science Items, alternating with an Essay, conducted by PROF. A. S. PACKARD, Ph. D., of Boston, who is second to no scientist living in his faculty of making scientific subjects interesting as well as instructive to the reader. Another attraction will be Sketches from Washington, by Mrs. MARY CLEMMER, who is so well known as the writer of "A Woman's Letter from Washington," in the *Independent*. In short, the **ablest and best writers** of the country have been engaged either as contributors under their own names or to supply editorials.

The tidings of the day are placed before the reader—as also all the contents of THE ADVERTISER—in a concise and readable form. The proprietor's aim is to make the paper light, pleasant, and attractive. Advertisers will need no argument to convince them of the utility and excellence of the medium herein furnished. That the paper is extensively perused must be apparent because of its varied advantages, for wherever the pen is used THE ADVERTISER will be indispensable. THE ADVERTISER is liberal and progressive in its teachings, and is free to censure extravagance or corruption emanating from whatever party or guild, political or civic. It advocates the speedy extrication of our governmental systems from the slavish clientship created by the ownership of patronage, and stoutly battles for a stricter adherence to the true principles of responsible government than has yet been accomplished. Its local budget receives particular attention, and civic topics are specialized. Beyond this THE ADVERTISER has nothing further to add, preferring to be known by its fruits.

INDUSTRIAL AGE CO., Publishers.

A LARGE EIGHT-PAGE WEEKLY NEWSPAPER.

Devoted to Reform in Politics and Trade, and Published in Behalf of the Grange, Farmers' Clubs and Other Movements among the Industrial Interests of the West.

CIRCULATION, JANUARY 1st, 1875, **15,000.**

Is the only exclusively anti-monopoly newspaper published in the city of Chicago. The object and intent of the **INDUSTRIAL AGE** is to preserve Labor, as far as possible, from the unjust exactions of Capital, and especially from those of incorporated capital, and to secure to the hand of industry, as far as possible, its legitimate and just reward. To this end the **AGE** lends what aid and influence it can command to the promotion of the Independent Reform party, as proclaimed at Decatur and Springfield. In addition to discussing such questions of political economy as affects the labor interests of the country, the **AGE** will give each week a full summary of the markets and current news of the day, as well as such items as may interest the agricultural, scientific or general reader. The **AGE** has amongst its contributors some of the ablest minds in this country, and the unceasing efforts of its editors is to make it a paper worthy of a place in every house in the land.

The Democratic Star.

ISSUED WEEKLY, AT

TRINIDAD.....COLORADO.

JOHN C. FITNAM, EDITOR AND PUBLISHER.

The STAR will be a live and thoroughly democratic paper, believing in and teaching the principles of Jefferson and Jackson, and eschewing the new-fangled doctrines, which are fast leading our government to a centralized despotism. But while we are democratic to the core, and shall always contend for the true principles of democracy, as against a centralized federal power, which interferes with the domestic concerns of the States in matters never intended by the framers of our Constitution to be committed to the charge of federal officers, we, at the same time, reserve to ourselves the right to oppose any measures which may seem to us inexpedient or improper, even when countenanced and encouraged by democratic leaders. We do not intend to be a partizan, or support political measures merely because they are adopted by the party. We shall support them only when we believe them to be just, right and expedient, proper as party measures and for the public good.

OUR EDITORIAL DEPARTMENT

will discuss original and living subjects from a purely Catholic standpoint. We shall place before our readers the great moral and social questions of the hour, illuminated by the wisdom of religion and shorn of their concealed poisons. Our paper shall be an exponent of Catholic doctrines, and defender of Catholic principles—and whatever may be the uproar and strife of the conflicts in which it may be called upon to enter, it will ever have its senses open to the voice of the infallible Church of Christ speaking through his representatives.

Already we have secured the services of the best and most prominent Catholic writers in the West, and soon we hope to add others to its list.

Next to our religion is our country, native and adopted. We shall aim to perform to our countrymen the part of a friend, a monitor and an associate. We shall seek to correct their faults instead of flattering their vices, as many do in order the better to feed upon them. Our greatest enemies *flatter us*; it is only a true friend who will *admonish us of our faults*.

THE NEWS DEPARTMENT

will include the important news of the day, both home and foreign, *which is fit matter for reading in Catholic families*. None other will find space. Our *Irish News* will in future be made up *direct from Irish Exchanges*, and will be at least one week in advance of our Eastern contemporaries. It will lack the beauty of arrangement into counties, but it will have the advantage of freshness. In a word, we shall try to make the VINDICATOR worthy of this great section of country and of the patronage it is receiving and hopes to receive. Communications upon suitable and interesting subjects are solicited, and our correspondents will always be treated with the greatest courtesy.

Devoted to the interests of Monroe City and surrounding country. A paper for the Farmer, the Merchant, the Mechanic, the Laboring Man. Believing that the principles of Democracy are the only ones whereby peace, harmony and honest government can be maintained in this country, the News will earnestly advocate those principles, and do all in its power to promote the interests of true Democracy. At the same time it will not hesitate to denounce corruption and wrong wherever found, no matter what party may be condemned in so doing. In this respect the News will be independent, although it is not intended to be a political newspaper, in the common acceptation of the term, as it is the opinion of the publisher that politics should be left to those who make that their profession, and that the province of a country paper is to devote particular attention to home matters, and build up home enterprises. In this the publisher asks the hearty co-operation of all who take an interest in developing the resources of this country. Geo. P. ROWELL & Co., New York, and ROWELL & CHESMAN, St. Louis, Agents.

Advertiser's Gazette.

A WEEKLY JOURNAL DEVOTED TO THE INTERESTS OF ADVERTISERS.

(ESTABLISHED AS A WEEKLY APRIL 1, 1875.)

Indispensable to all classes of persons whose business requires a practical knowledge of matters connected with Newspaper Advertising.

The advantages which class JOURNALS possess are obvious. They are taken and read only by those who are interested in the peculiar subject treated. Prominent among them may be named the *Scientific American*, *Newspaper Reporter*, *Druggists' Price Current*, *Paper Trade Reporter*, *Iron Age*, *American Grocer*, *Cabinet Maker*, *Harness and Carriage Journal* and many others. Their usefulness is demonstrated by their success. The ADVERTISER'S GAZETTE will be made a publication which ADVERTISERS will be obliged to read, because they cannot afford to miss the information which it will convey.

The ADVERTISER'S GAZETTE is mailed regularly to all general advertisers throughout all the States of the Union, arrangements having been entered into whereby all such are made subscribers, the expense of subscription being largely assumed by persons who are interested in knowing that their announcements will have a wide and comprehensive circulation.

Every advertiser on G. P. Rowell & Co's very complete list of over nine thousand is made a regular subscriber, and as such, will receive the ADVERTISER'S GAZETTE weekly.

It will also be extensively advertised, and sample copies will be mailed, postage paid, to all new advertisers as their announcements appear from week to week in the leading periodicals of the country.

SUBSCRIPTION PRICE — \$2 per annum, in advance. Six specimen copies (different dates) sent to any address for 25 cents.

ADVERTISING RATES — 50 cents a line each insertion. Seven words make a line; one hundred lines in a column.

List of Advertisers,

WITH STREET AND NUMBER AND THE KIND OF BUSINESS.

Price, \$25.

To clip from current newspapers and solicit advertisements by letter or printed circular, has been the almost constant employment of at least one man in our office for ten years; and frequently, for weeks at a time, we have had two, sometimes three, engaged in the occupation. Our *revised* list of advertisers now numbers more than

9,000 NAMES.

The list increases slowly, containing the names of all regular advertisers; changes by death or other causes take from it about as many names as there are found new ones to add. IT IS CORRECTED WEEKLY.

We seek a GENERAL BUSINESS, and can point to single customers from whom we have realized upwards of \$5,000 in commissions within a period of two years, who tell us that they were first made acquainted with our facilities through the perusal of one of our circulars.

Ours is the only Newspaper Advertising Agency which regularly and systematically APPEALS TO ALL THE ADVERTISERS OF THE COUNTRY. Any one who has been much among advertisers will testify that we have been faithful in the distribution of our circulars.

We have sold occasional copies of our list for two hundred and fifty dollars, but this seems a very large sum of money to pay for a list of names, therefore, in response to many requests, we have decided to put the entire list in type, and shall keep the matter standing in galleys arranged so as to admit of weekly corrections, and will furnish to any applicant a complete set of galley-proofs of the whole list for the sum of twenty-five dollars. COTTRELL & BABCOCK'S IMPROVED PRINTING PRESSES.

The above is a correct representation of our Improved Country Newspaper and Job Press, with Table Distribution, so long and favorably known to the printers of this country. Such improvements have been added as are suggested by many years' experience in the manufacture of Printing Presses. The Springs have been placed in the track, not moving with the bed as heretofore, and adjusted by screws. By this arrangement of the Springs the Press runs smoothly at a much higher rate of speed than is attained by any other Country Press. Each Press is furnished with rack and segment, and improved gripper motion, operated by rollers moving up and down with the cylinder, and making perfect register. The Well-Fountain is used, so arranged that it can be cleaned in a moment, and the smallest quantity of ink used. By our improved method, the ink is conveyed directly from the Fountain to an iron Table attached to the bed, which passes under five diagonal distributors and three form rollers, giving unequalled distribution. With accurately cut gearing, steel tracks, steel shoes, universal shafts of wrought iron—case hardened, this press, with proper care, will wear a life-time. The many testimonials we have received from parties using them, is evidence that it has no equal in meeting the wants of the country printer.

The fine appearance of the "Typographic Messenger," so long printed on our Country Press, bears ample testimony to its ability to execute Fine Specimen Work.

Dick's '67 Patent, Made "Triple Mailer"

IN 1872, INCLUDING THE "RIGHT" TO USE,

Is to every one the cheapest as well as the best; because always most equitably sold, without discrimination, at a cost graduated in exact proportion to each publisher's aggregate weekly addresses—requires, to start with, one-third less type and material, and preserves it good seven times longer than any one of the 32 patented Address-printing Machines; while, to crown all, it addresses papers at more than twice the speed of the best Mailer among them; one unassisted operator having with it addressed and pitched to the wrappers 7,334 newspapers in one hour, fully 2 papers every second of the 60 minutes, giving it that superiority in economy of money, material, time and labor which fully accounts for its now addressing, as all Postmasters know, manifold more newspapers than all the other 32 patents combined; showing that the publisher who is in haste to adopt a mailing machine, risks nothing in sending his order, (all orders are filled promptly, and invariably on the same terms), without previous correspondence, in the terms following:—ORDER FOR PATENT MAILER. SIR: Send us Best Mailer, boxed, \$10 25; 1 pair Mounted Blades, \$2, and Years' "Right" at as low a price, *pro rata*, as to any publisher but not to exceed 75 cents per year for 100 weekly addresses. PATENTEES AND MANUFACTURERS OF

“ALDINE” JOB PRINTING PRESSES.

The Best in the Market --- Possessing all the Requirements of a First-class Job Press.

BEST IMPRESSION TRIP.
GREATEST DISTRIBUTION.
BEST ROLLER DETENTION.
DURABLE AND COMPACT.

GREATEST STRENGTH,
NO SPRING ON FULL FORM.
SQUARE IMPRESSION,
NO POSSIBILITY OF SLUR.

None but first-class material is used in the construction of the “Aldine” presses, all shafts and levers being made of wrought iron throughout.

The Platen movement is very simple in its construction, not at all liable to get out of order, and is very strong and massive—no danger of breaking with the largest forms. Its movement when passing the impression is parallel to the face of the bed, and it is *locked* in that position when the impression is taken, thereby preventing all possibility of *slurring*. The adjustment of the impression is made by four bolts, which move the platen-face to and from the form to any degree of power required.

The “throw-off” of impression is made by a new and simple device, original with the “Aldine,” and which operates instantly, and cannot get out of order.

The roller-detention, for distributing the ink without printing, is operated by the foot, and is automatic in its operation, so that there is no danger of the form rollers being caught between the platen and the bed. When the rollers complete their movement, (after throwing out the detention by the foot,) they become locked in that position, and remain upon the cylinder until the operator unlocks the foot-lever, when they resume their motion.

The grippers can be laid down upon the platen for adjustment, and are convenient for setting. They are made of the best spring steel, and are very strong and durable.

Prices and terms as favorable as those of any other maker.

We also build presses for printing three colors from one form at one impression—the only successful three-color press ever built.

We offer these presses under the fullest guarantee as to working qualities, speed, strength, durability, etc., at a small advance over the price of single-color presses.

ENGRAVING, ELECTROTYPING AND JOBBING.**110 FULTON and 16 and 18 DUTCH ST., NEW YORK.****PATTERN LETTERS. PAPER CUTTERS.****THE UNIVERSAL LEAD CUTTER**

The "Universal," for which a patent is now pending, is an improved lead cutter, manufactured with a view to obviate some of the defects to be found in older machines. In the cutting of leads, and more particularly in the cutting of spaces for job-founts, a machine to be worked with economy must be worked with great rapidity. It is a feature of the Universal Lead Cutter that it may be used rapidly from the fact that the operator makes but one motion in cutting. The knife, after the stroke, flies back of itself, as in a cancelling machine, in order to make room for the succeeding lead. The

leads or spaces fall out of the way as soon as cut, and the machine will cut the smallest space without the least twist or burr. The operator is not obliged to remove the pieces one by one. Another advantage will be readily perceived by reference to the cut; the front or rear gauge may be used at option. The convenience of the forward gauge will be particularly appreciated by those printers who utilize their old leads by making spaces of them. In construction the "Universal" has some important advantages. The knife has a draw in the direction of the side against which the lead rests. This prevents shifting, and insures a true cut. The cutter is also beveled towards the outside, which permits an easier and smoother cut. As a whole the machine is plain, simple and not likely to get out of order. They are manufactured by HAWKINS & DODGE, No. 56 Morris & Essex Railroad Avenue, Newark, New Jersey, and are sold at \$8 each.

Notice! Publishers, who so elect, may insert the above once, with this foot-note, and upon the receipt of a marked paper and the remittance of five dollars, Messrs. Hawkins & Dodge will forward by express one of the lead cutters, securely boxed. An electrotyped cut will be mailed upon application.

BULLOCK PRINTING PRESSES

These great machines continue to grow in favor with publishers of newspapers who begin to see that the days of all Hand-Feed Printing Machines for fast work are numbered, whether for printing one or both sides of a sheet; for where is the sense of feeding by hand when it can be done better by machinery and without cost?

THE BULLOCK SELF-FEED PERFECTING PRESS

FEEDS ITSELF FROM ROLLS OF PAPER MILES IN LENGTH, AND PRINTS BOTH SIDES OF THE SHEET AT ONE OPERATION, THUS SAVING THE WHOLE COST OF FEEDING BY HAND.

Fifty **BULLOCK SELF-FEED PERFECTING PRESSES** are now in operation—some of them daily for over ten years—in the following establishments:

<p>Government Printing Office, Washington, D. C. Philadelphia Democrat, Philadelphia Star, Philadelphia City Item, New York Sun, Brooklyn Argus, Boston Herald, New York Herald, Pittsburgh Leader, Chicago Staats-Zeitung, Cincinnati Star, Cincinnati Enquirer, Chicago Times,</p>	<p>Chicago Post, Missouri Republican, Cincinnati Volksblatt, Daily Telegraph, London, England, Weekly Journal, London, England, New Yorker Presse, Chicago Tribune, Indianapolis Journal, Baltimore Evening News, San Francisco Post, Baltimore Evening News, And Others.</p>
---	--

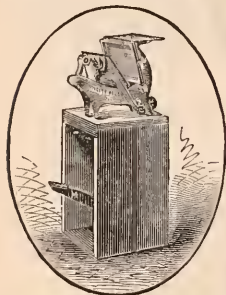

The **BULLOCK**, the model of all Self-Feed Printing Machinery, is the first invention of its kind that was brought into practical and successful use. It is entirely original in design, arrangement and operation, and is not borrowed from English or French inventions, as some new machines are. As it is, there is nothing abroad or at home that the **BULLOCK** can borrow, being in all respects better than anything there or here. The **Bullock** is not only the **Best**, but the **Cheapest and Fastest Press in the World**. Folders applied to all our presses when desired. Hoe's old rotaries taken in exchange at their value. CAMPBELL PRESS WORKS.

39 BEEKMAN ST., NEW YORK.

We take great pleasure in offering to the craft our **Country Press**, which has been before the public for the past ten years, over seven hundred of which we now have running, doing their full quota of work in a thorough and satisfactory manner.

They are all built to standard gauges and templets, any part of the same sized press being interchangeable with another, thus making them desirable on account of repairs—as parts are kept in stock and can be promptly forwarded on receipt of orders for same.

For accuracy of register they are unequaled, a great majority of the color work of this and neighboring cities being worked on these presses. All the parts of our so-called Complete Presses are readily applied to the Country Press, which is a great feature to growing offices, as the increase of business may be met without the purchase of a new press.

Distinctive features are found in the construction of this Press which have not been attained by other presses now in use. In neatness of design, correct workmanship and finish it has no rival. It is simple in construction, having one-third less moving parts than any other first-class press. It is firm and fast, giving a perfect impression with no possibility of slur. The impression may be suspended at any point, and with the same operation the inking of the form is suspended. The impression can be increased or decreased with absolute accuracy while the Press is in motion. This feature has not been attained by others. The mechanism of this Press is such that however rapidly the Press may be running the impression is taken so gradually it does perfect work, printing a full form of solid matter with greater ease and with less jar or noise than any other bed and platen jobber. The chases fit on the bed either way, so the pressman can change the form without unlocking. These presses may be run either way. The work on these Presses being done by special machinery, each separate part is made with such accuracy we can duplicate any part readily, so it will apply without further fitting. We furnish diagrams showing each distinct part numbered. *The Manufacturers Guarantee all they set forth.*

DEGENER & WEILER'S "LIBERTY" CARD & JOB PRINTING PRESSES.

First Premium World's Fair, London, 1862, Paris Exposition, 1867,
and Vienna Welt-Ausstellung, 1873.

The following are the advantages of this Press over all others :

Simplicity of Construction, Durability and Strength of Build—in which the *Best Materials* are used; *Ease in Running*; the *Ability to Print a Form as Large as can be Locked up in a Chase*; *Convenience of "Making Ready," Adjusting or Cleaning*, facility of *Correcting a form without Removing it from the Bed* as it can be brought into nearly a horizontal position.

Three rollers may be used for inking a form. These are held in *Stationary Fixtures without Springs*, and are readily removed by the operator without soiling his fingers.

Size No. 2 has a *Special Arrangement for Printing Cards*, by means of which cards are dropped into a box below, or may at will be retained on the platen for examination.

While the impression is being taken, the *Form, the Platen and the Ink Distributing Table* are brought before the eyes of the operator, and the *Inking Rollers* are always in sight.

The face of the bed never moves beyond the vertical line, therefore no type can drop out.

The *Fly-Wheel* may be run either way without altering the working of the Press.

PATENT HAND LEVER PAPER CUTTERS.

This is the most powerful Lever Cutter now in use, and very superior to any of the other Lever Machines offered to the trade, and does its work in the most satisfactory manner, is very strong and not liable to get out of order.

The Lever is on the side, working toward the front, thus enabling the operator to use one hand on the work, when necessary, instead of working across the front of the machine, or from the side.

The clamp is held on both ends, the same as in our large machines, so that the work can be Clamped equally as well on the sides or center of Clamp.

We also make the above machine with Screw Clamp.

INKING ROLLERS.

Protected by Letters Patent, Granted by the United States, Dated May 6, 1864; June 21, 1864; September 24, 1864; February 27, 1865; also, by Great Britain, Dated March 31, 1865. to

MERITS OF THE COMPOSITION.

All printers fully realize the importance of having their inking rollers in proper condition to do good work, and the constantly changing condition of the old glue and molasses roller has long called for something better, whereby the perplexity, time and expense may be saved, and at the same time better work be secured without that close attention usually required to keep rollers in good order. We call attention to the following as some of the principal advantages of our composition:

It never loses its suction; it never shrinks, as it contains no water or other fluids to evaporate; it always remains moist; it never skins over on the face; it never cracks on the face; can be recast from year to year, thereby saving the material; it does not become hard by cold weather; our rollers are tougher than any others in use, and are not injured by age or climate; they do not require washing at the end of the day's work, as other rollers—ordinary book ink will not dry on them in four or five days; they are cheaper than ordinary rollers in use, although first cost may be more; as they do not require washing daily like other rollers, there is a saving of ink, time and material; when once set they will not require resetting from day to day, as there is no shrinkage; they are good proof rollers, as ink does not dry on them; an average of two tokens a day more can be worked by use of these rollers on each press.

We Send with Composition Directions for Casting, Recasting and for Using.

THE TRADE WILL PLEASE TAKE NOTICE
